Live Stock Pavilion Thronged At Red Cross Gymkhana Last Night

Great Success of the Event Excelled All Expectations

MUSIC FURNISHED BY BAND OF 66TH BATT.

Musical Ride and Drill by Women's Reserve Are Features

Over three thousand persons, producing an eleven hundred dollar house, attended the gymkhana given in the live stock pavilion at the exhibition grounds last night in aid of the Canadian Red Cross Society. Such a pronounced success had not even been dreamed of. Every one of the seventy-six boxes was sold long before the hour of opening, and fifty more could have been sold without the slightest trouble, while so great was the demand for admittance that for forty-five minutes after the overture by the massed military bands, officials at the wickets were busily engaged in selling tickets.

His Honor Lieut.-Governor Brett attended in his official capacity, a travelling escort being provided by the R.N.W.M.P., and a guard of honor by the 63rd Battalion, under the command of Capt. Chattell.

The military flavor of the gathering, owing to the presence of so many officers and men of the three local battalions, and the fact that military competitors were largely in evidence in the various events, no doubt had a great deal to do with the ultimate success. The 66th band, by permission of Lieut.-Col. McKinery, furnished a splendid program of music.

Musical Ride

One of the pleasing features of the program, from the spectators' point of view, was the musical ride by the following ladies and gentlemen, all habited in red and white: Miss Black, Miss Fleming, Miss Bode, Miss Pell, Mrs. Soars, Mrs. Tailyour, Mr. Emsley, Mrs. Macdonald, Mrs. Franks, J. Lambert, W. J. Stark, A. E. Nash, G. C. Valens, C. A. Harrison, Bertrand, and D. Robertson.

The judges were Alex. Galbraith, supt. of fairs and institutes; H. A. Craig, deputy minister of agriculture; and W. R. West.

Drill a Revelation

The company drill given by the Women's Volunteer Reserve, led by Captain Margaret McDonald, with Lieut.-Col. Moorehouse as instructor, was a revelation to those in the audience who had previously had no idea of the tremendous strides made by Edmonton's "women soldiers" in the way of manoeuvres. They executed the various movements with a precision which was surprisingly smart and efficient, in view of the comparatively short time they have been in training. Their natty khaki uniforms enhanced the general effect. After their drill the women gave an exhibition of bandaging.

The riding of officers' charges excited general interest, especially in view of the splendid horses in the ring. Lieut.-Col. McKinery's string of nine horses were on exhibition as follows: Mayflower (Lieut. Jellett), High Life (Major Durrand), Kaffir Chief (Capt. George), Minnie (Capt. Sievwright), Maybe (Major Hatton), Lord Mount Sorrel (Capt Bothwell), Bay Ronald (Capt. Ferris), Kentucky Raven (Lieut. Douglas), Jhansi Jhitsi (Capt. Palmer). Buttons, ridden by Mr. Forson, and a horse owned by H. Greaves, also competed. The judges placed Mayflower first, with Lord Mount Sorrel as reserve.

Jumping Contests

For single jumping, gentleman riders, there were nine entries, as follows: Mayflower (Lieut. Jellett, owned by Col. McKinery), Maybe (Lieut. Douglas, owned by Major Hatton), High Life (Major Durrand), Bay Ronald (Capt. Ferris), Skyscraper(Geo. E. Jones), Alberta Boy (C. A. Harrison), Glimpse (A. E. Nash), Nellie (H. Greaves), Buttons (Mr. Forson), Highland Laddie (Mrs. G. E. Jones). Maybe was placed first, Highland Laddie second, and Mayflower third. Mrs. Jones, with Highland Laddie, afterwards unsuccessfully challenged the winner.

The children's jumping class caused much amusement. Prizes were won in the following order: "Pearl," Ronald Robertson; "Kitchener," Bobbie Hill; "Jenetta," Ward Steckle; "Teddy," Freddy Hales; "Dewey," Bobbie Bull.

In the bending and circling race, Miss Violet Bode captured the premier honor, with Lieut. Jellett second and A. E. Harrison third. The other competitors were: H. Greaves, Mr. Forson, A. E. Nash, Miss Fleming, Miss Tailyour, Major Hatton, and Lieut. Douglas.

Children's gymkhana race: Bobbie Bull, 1; Ward Steckle, 2; Bobbie Hill, 3; Freddy Hales, 4; Ronald Robertson.

Victoria Cross race, for members of the R.N.W.M.P.: 1, Const. McKean; 2, Trumpeter Knight; 3, Const. Rice.

Ladies' jumping: 1, Mrs. Jones (Highland Laddie); 2, Miss Violet Bode.

Pair jumping: Lieut. Douglas and Mrs. Jones, 1; A. E. Nash and Miss Bode, 2.

The wrestling match on horseback was won by the greys ridden by members of the R.N.W.M.P.

Drill by the Chinese home guard, which has attained remarkable efficiency since its organization, concluded the program.

Much credit for the success of the Gymkhana is due to the exhibition secretary, W. J. Stark, who gave a great deal of time and work to the preparation. S. J. Lowrie, the honorary secretary-treasurer of the local Red Cross Society, was in charge of the Gymkhana, and to him also congratulations are due for the success of the event.

The management have asked the Bulletin to state that the crush at the entrance was unavoidable owing to many spectators arriving at the same time. With the present entrance facilities it is impossible to prevent such with an attendance similar to that of last night.

DEPUTATION URGES NEED OF ECONOMY ON SCHOOL BOARD

Committee From Property Owners' Association Asks That Expenses be Curtailed to Utmost Limit—Trustee Rea Says That the School Board is Fully Aware of Financial Situation and Need of Retrenchment.

"The school board is fully aware of the financial situation. We are elected by the people, and are responsible to the people for our actions," said Trustee Rae in response to a deputation consisting of Thos. Bellamy, D. R. Fraser and G. W. Fullerton, which appeared before the school board last night from the Property Owners' Association, with the request that everything possible be cut out in an endeavor to keep expenses down to the minimum.

The board was addressed by Mr. Bellamy, in which he said that everything should be cut out in an educational way with the exception of the public schools in an endeavor to keep down expenses. It was his opinion that if every possible expense was not taken off the city, the municipality would have to go into the receiver's hands, and as one of a deputation from the Property Owners' Association he appeared before the board in an endeavor to convince them of the seriousness of the financial situation.

Mr. Fullerton spoke along the same lines, which induced Trustee Rae to make the remark that the board were quite as well aware of the situation as were the Property Owners' Association, that thy were quite as anxious to keep down expenses as were other people, and that they had had the matter under consideration for some time, but that it would be inadvisable to impair the educational facilities of the city, especially the cutting off of the technical school, in any endeavor that might be made in economy's sake.

Aid in Dental Work

The necessity of securing an assistant in connection with the dental work among the children was discussed by the board, and it was decided that such help should be secured. In reply to a question as to what the city dentists were doing in this work, Dr. Dunn, medical health officer, said that the dentists of the city were taking turns, and its necessity was further emphasized by Mrs. Hill, when she cited the fact that out of some four million men who came up for enlistment one million were rejected on account of defective teeth. This assistant will not cost more than $15 or $20 a month, and this amount would be well expended in the greater efficiency of the system.

A report of the school management committee authorizing an expenditure of $25 in connection with equipment for serving the noon day luncheons at the technical school, was adopted on the understanding that the students of the school will construct the necessary tables.

Director Richardson, of the Technical School, reported that the enrolment at the technical school included 511 students, made up of 226 female and 285 male. In one subject there were enrolled 352 students; in two subjects 142, and in three sbujects 17. The total amount of fees collected to date are $957.

Changes in Teachers

The following vacancies have occurred in the teaching staff were reported by the school management committee, and the report as given by the superintendent of schools for the filling of the vacancies was adopted:

THOS. KELLY'S SON BURNED PAPERS

Was Nervous and Wanted to Make Sure Authorities Would Get Nothing

By Bulletin Leased Wire.

WINNIPEG, Nov. 4 — Maurice Kelly, aged 20, son of Thomas Kelly and partner of a month's standing in the firm of Thomas Kelly and Sons, told the law courts commission this afternoon that early in September he took a large quantity of documents from the offices of the Kelly company to his home, that he took part and sent part of them to the family cottage at Detroit, Mich., and that he burned the balance in the furnace. He said that he did not know what papers he burned, and he used no plan in separating those to be saved from those to be destroyed.

Kelly's explanation of his act was that he was nervuos, alone, and he wanted to make sure that if the authorities made another search of the company's offices they would find nothing. The search of the Kelly offices for papers relating to the parliament buildings contracts had occurred shortly before, and Maurice Kelly said he was indignant over the occurrence. "I decided," he said, "that the office was no safe place for anything, the way the attorney general's department were acting." He took papers referring to general contracts as well as government jobs.

MAKING PROGRESS ON N. T. R. BRIDGE

By Bulletin Leased Wire.

QUEBEC, Nov. 4—The last connecting link in the North Shore cantilever arm of the N.T.R. Quebec bridge was driven at ten o'clock this morning and the arm is now completed. In fact the whole north side of the bridge is completed with the exception of a few bolts. The anchor arm of the south shore will be completed next week. The cantilever arm on the south shore will be completed next spring or summer and the centre and final span will then be towed up and placed in position by next fall, it is anticipated, so that trains may be crossing the bridge before next winter.

MANITOBA COMMITTEE.

WINNIPEG, Nov. 4 — The government has named the following committee to co-operate with the Dominion commission in devising ways and means for caring for returned soldiers: Sir Daniel McMillan, A. M. Nanton, J. H. Ashdown, Mayor Waugh, G. W. Allan and G. V. Hastings, of Winnipeg, and J. S. Willmot, of Brandon.

CHAMPAGNE IS SCENE OF MUCH FIERCE FIGHTING

French Lose and Retake Trenches Along This Front

RUSSIANS START NEW OFFENSIVE

Germans Claim That All Their Attacks Were Repulsed

By Bulletin Leased Wire

PAIRS, Nov. 4 — Continued firce fighting in Champagne, where the Germans succeeded yesterday in occupying a few advanced French trenches, a part of which the French gained later in the day, is reported in tonight's war office communication. The Germans were driven completely out of the positions early today, but later a new attack of extreme violence again gave them a footing at several points on the French front

Elsewhere on the western front there have been artillery bombardments and engagements

Russian Report.

PETROGRAD, Nov. 4—The official report tonight says that the Germans made an unsuccessful attempt to cross the Dvina, near Dvinsk. In the region of Dvinsk the Russians have advanced southeast as far as the outskirts of Illoukst. The report continues:

"In the region of Podgacie, west of Czartorysk, the enemy succeeded in penetrating deeply into the forest where he commenced to extend himself. The situation became very desperate, but by united efforts of all grades of our forces we succeeded in saving the situation. The whole region of the fighting was covered with enemy dead. We took as prisoners eight officers and about four hundred Austro-Germans, and captured two machine guns. The Germans replied with a tremendous artillery fire and then launched a new attack. This also was repelled. The artillery fire has been renewed to the north of Komarow. This attack was repulsed with great enemy losses.

SERBIAN ARMIES ARE STILL INTACT

Rear Guard Actions Are Being Fought As Troops Orderly Retire

By Bulletin Leased Wire.

LONDON, Nov. 4—The latest wireless messages received through Scutari say that the cohesion of the Serbian armies have been preserved Where necessary the troops are making an orderly strategical retirement. Rear guard actions are being carried on efficiently, and the armies are being maintained unimpaired. The Serbians are holding the line west of Uskup, and Kuprulu (Veles) and along the Babuna mountains. The railway is safe from Saloniki to a point near Kuprulu.

At Kraguyevatz the Germans found nothing of much value in the arsenal, all the important equipment having been removed. Up to the present the advices say the Austro-Germans have paid dearly for the advance they have made. No decisive battles have been fought, and such an action will not be accepted by the Serbians at the present.

SMALL ATTENDANCE AT GAS MEETING IN OLIVER SCHOOL

About fifty persons attended the gas meeting at the Oliver School last night. Alderman Williamson acted as chairman, and speeches were delivered for the agreement by Mr. McLaws and Travis Barker, and against the agreement by F. J. Dixon, M.P.P., Hector Cowan and Ex-Alderman East.

Mr. McLaws made two speeches. In the first he discussed the uses of gas, and argued that it was better for Edmonton to secure gas by private ownership. At the conclusion of the other addresses he gave a summarized analysis of the clauses of the agreement with his interpretation.

F. J. Dixon again challenged Mr. McLaws to publish a statement of his receipts and expenses for this campaign. He criticised the lack of a guarantee bond from the gas company in this agreement.

Travis Barker claimed that the real serious opposition to the gas came from the vested interests.

Hector Cowan pointed out what the citizens had gained by turning down the previous gas agreement at the last vote. He quoted lower rates for gas in several Ontario towns than is now being offered to Edmonton. He stated that Regina had made an agreement with this Calgary Gas Co. for gas at 20 cents, but had not yet got gas. He deplored the securing of a monopoly of the franchises of western Canadian cities by private trusts.

Mr. Cowan asked why others who had offered gas to the city were asked for bonds, and this company were not asked for a guarantee bond.

James East stated that F. J. Dixon came here with his expenses paid by the Fels Foundation. He pointed out the limited scope of the Utilities Commission over the gas agreement once it was ratified by the people, and subsequently endorsed by the legislature.

Investigation Is Refused On Charges Preferred Against Strathcona Hospital Staff

Resolution for Investigation Moved by Dr. Rutherford is Defeated by Vote of 5 to 3—Rev. H. R. McGill Outlines Position of People on South Side Who, He Says, Are Displeased With Reorganization, Feeling That Injustice is Done Matron and Some of Nurses Dismissed.

By a vote of five members against three, the city hospital board at a special meeting last night decided not to conduct an investigation into the affairs of the Strathcona hospital, such as was asked for in a resolution passed by a large deputation of ladies, ministers and medical men on Saturday last.

Practically the same deputation with a number of other people from the South Side faced the board last night. None of the deputation, however, addressed the meeting, the resolution being explained by Rev. H. R. McGill, who was a member of the special committee to confer with the board in the matter. The action refusing an official investigation was taken without discussion by the majority of the board.

Hon. Dr. Rutherford moved that the investigation be granted, being supported by Alderman Sheppard and R. J. Macdonald, those voting for the amendment that no investigation be granted being T. M. Turnbull, R. G. Davidson, E. C. Pardee, R. B. Rossborough and E. Cummings. G. R. F. Kirkpatrick was chairman of the Five members of the board were not in attendance.

Dr. Tory explained at the opening of the meeting why the meeting was called and why a resolution was being presented by the special committee of three, of which he was a member.

Reasons For Investigation

Rev. H. R. McGill, as the third member of the committee with R. J. Macdonald, set forth the reasons why a resolution calling for an investigation had been drafted. A large number of the people, from the south side of the river in particular, were not at all pleased with the manner in which the Strathcona hospital had been dealt with in the reorganization of the staff, and it was felt that an injustice was being done the matron and some of the nurses who were dismissed. He felt that an investigation was justified, and he was expressing the views of a large number of people.

Moves For Investigation

Dr. Rutherford moved that the investigation be held.

"I just want to say that if an investigation is held," said Dr. Tory, "that I will insist that it be a properly conducted one, with witnesses required to give their affidavits against such evidence as we have sworn statements for. I would not agree to any investigation except that it be before a judge of the court in the regular way. I have heard too many loose statements in this matter to submit to anything but a properly organized investigation."

"Well, I mean by my motion that a proper investigation be held," said Dr. Rutherford.

Mr. Rossborough said he did not see what good could come of an investigation. The matter had practically been settled, and it would be only harmful to reopen what the board had already decided was advisable.

Before deciding against the investigation a letter was read from the advisory board of the Academy of Medicine, expressing confidence in the hospital board, and also that in their belief the charges against the Strathcona management were most serious, and deprecating the "virulent" attacks which had been made through the press and otherwise against Dr. Tory and Dr. Moshier, who were debarred by their official positions from making a proper defense. This letter was signed by Doctors A. F. Anderson, J. F. Brander, C. H. Holmes, T. H. Whitelaw, R. B. Wells and W. A. Wilson.

Refused Privilege of Addressing

C. C. McCaul, K.C., asked the privilege of addressing the board on behalf of the Strathcona Hospital Ladies' Aid, but he was denied a hearing until after the vote against an investigation, by which time he pointed out that there was no need for him to present any statement.

"We are to understand, then," said Ald. Sheppard after the vote, "that the Strathcona hospital is to be left under a cloud, after we have heard Dr. Moshier admit that he wrote to Calgary advising nurses to apply for positions at the Strathcona."

Dr. Tory took exception to Ald. Sheppard. "I have personally looked into this matter, and I find that Dr. Moshier's statement in this connection was true; he did not write after the resolution of this board authorized a reorganization of the hospital."

Says Action Ill-Advised

R. J. Macdonald characterized the step of the board as ill-advised. A large number of people was represented in the demand for a fair hearing of the charges against the hospital and he assured the board that the last had not been heard of the trouble. It were better to have it cleared up once and for all.

Mr. Macdonald also contended that the previous resolution of the board to have Dr. Tory, Dr. Rutherford and Dr. Moshier look into the charges against the hospital was not taken by him to mean at the time that a full reorganization was to be made.

Recommendation With Dismissal

A letter was read from Miss Dayell, one of the nurses discharged, asking that the board grant her railway fare to her home in the East, since she was but a short time returned from her vacation when the action of the special committee was taken, and she would not have returned to the hospital otherwise.

The board on a motion of Dr. Tory agreed to grant the application, but Ald. Sheppard raising a protest, the motion was rescinded, and Dr. Tory said she would be granted the allowance without expense to the board or city. Ald. Sheppard had raised objection to the board throwing expenses of this kind on the city. "I would rather pay the amount myself," he said.

A recommendation for Miss Dayell will be given by the board.

TEACHERS CONVENTION IS BIGGEST EVER HELD HERE

Total Number Registered Yesterday Was 525—A. M. McDonald Gives Instructive Address on Delinquencies and Social Environment—D. S. McKenzie, Supt. Carpenter and Prof. Allan Principal Speakers at Evening Session.

The number of teachers present on the first day of the nineteenth annual convention of the Northern Alberta teachers' association, which opened in the city yesterday, was the largest at any ever held in the city, the attendance being greater than last year by nearly fifty teachers. The number registered was 525. The morning session was occupied with the registration of teachers and addresses of welcome by the mayor and other civic officials.

At the morning session the president, J. A. Fife, B.A., M.Sc., gave an address on the "Problems of the Rural School." He dealt with the subject from all its phases, and particularly referred to the way the work is affected by the lack of money to carry it on as efficiently as it should be. This was felt in all districts, but especially in the new schools when they first opened up. He also referred incidentally to the consolidation of rural districts, stating that while there were some difficulties to be overcome before the system could be established, he was convinced that it had a great many advantages, and believed a great deal might be hoped for from consolidation. They would in some cases be able to continue their work in these rural schools probably as far as to take in two or three high school grades, and at any rate, it would certainly make for efficiency. One great difficulty they had to overcome in Alberta before consolidation was the question of transportation.

Afternoon Session

The special feature of the afternoon session was an address by A. M. McDonald, superintendent of neglected children, on "Delinquencies and Social Environment." There was also a number of addresses for the various departments, ranging from the primary to the high school.

Miss L. Munro gave an address to primary teachers on "Oral Language," and the intermediate teachers were addressed by Miss L. G. Gibson on the subject of "Literature for Intermediate Grades." Mr. S. Gylls discussed the subject of "Agriculture" with the senior grade teachers, and J. N. Eagleson gave a paper to rural school teachers on "The Value of Music in the Rural School." High school teachers listened to an address by E. B. Asselstine, B.A., on "The Value of Athletics."

Mr. McDonald's remarks were based largely on the general social conditions of the problem of delinquent children. The moral reformers, he said, were paying a good deal of attention to child life, and they were coming more and more to the conclusion that they had not only to study the child life in itself, but also its surroundings and the effect of environment on the child. Taking up the question from an individualistic standpoint, he dealt with the part the home played on the life of the child, and from a community standpoint he pointed out some of the re-

GALLIENI DEALS A BLOW AT FAVORITISM

By Bulletin Leased Wire.

PARIS, Nov. 4—Ex-Premier Georges Clemenceau has been elected president of the senate committee on the army, in place of Charles de Freycinet, who is vice-president of the Briand cabinet.

General Gallieni's first step as minister of war was to deal a blow at favoritism. He sent a circular today to all the generals commanding the lines announcing that all letters recommending soldiers, whatever their rank, would be returned to the writers. He furthermore advised the generals that the army men thus recommended would be warned on the first and punished on the second offense. Promotions will be made on merit alone.

DEFEAT OF GREEK CABINET IS BIG ATHENS SENSATION

Trouble Over Dispute Between Former Premier and War Minister

VENIZELOS DEFENDS HIS OWN POSITION

The Vote Shows 149 to 114 Against the Government

Bulletin Leased Wire.

ATHENS, Nov. 4—The defeat of the Greek government under Premier Zaimis today is the sensation of the hour here, and there are many surmises as to the result it will have upon the future foreign policy of the government. At the request of the premier the chamber has suspended until a new cabinet is formed. There is talk of a new election, but it would be two months before this is held.

The trouble in the chamber arose over a bill for extra pay to officers during the mobilization or war. A lively discussion ensued. Deputy Valchos, a follower of M. Venizelos, criticized the bill, and in somewhat unparliamentary language expressed surprise that it should have been introduced by War Minister Yanakitsas, who, he said, was not even a deputy.

M. Vlanchos was called to order and offered to apologize, but General Yanakitsas, ignoring the apology, angrily gathered up his papers and left the house, declaring that it was impossible for him to remain.

The incident provoked tumult, and the sitting was suspended. The ministers retired to confer in private on the situation.

Insisted on Apology.

On the resumption of the sitting M. Venizelos insisted that General Yanakitsas owed the house an apology for his abrupt departure, and that unless he apologized the house would be unable to continue its sitting. M. Zaimis then declared that the government considered that no apology was due from the war minister, and demanded a vote of confidence on the question. A long debate followed, in which all the leaders spoke, M. Venizelos delivering two long speeches, defending his policy, and condemning the government. The former premier said he deplored the fact that Serbia was being left to be crushed by Bulgaria, Greece's hereditary enemy, who would not scruple later to fall on Greece herself.

Challenged by another deputy as to whether he thought the King wished the country's destruction, Mr. Venizelos said:

Crown Not Responsible.

"I should have preferred not to drag the King's name into the discussion, but since you ask I will say that in a constitutional government the crown has no place in the responsibility. It is absurd to suppose that the King desires to destroy the country, but our state is a constitutional kingdom, or is rather a democracy, presided over by a king, and the whole responsibility rests on the cabinet. If you want a monarchy say so openly. But your efforts will be unavailing, because the country does not desire to change. It is not a question of patriotism, but of constitutional liberties.

"I know the King is a distinguished general, but he is not equally experienced in things political. If I have tolerated the present cabinet it is because of the constitutional deadlock created by the crown's action and the impossibility of holding elections in the present state of mobilization.

"You are mistaking this toleration for approval of your policy, with which I disagree diametrically. Instead of new elections, you had better suspend the constitution until the end of the war. Then we may know exactly where the responsibilities lie."

Ministers Attack Venizelos.

Several members of the cabinet attacked the policy of M. Venizelos. M. Gounaris, minister of the interior, maintained that the constitution conferred upon the King the right to disapprove of a government, and he sought to justify the cabinet's refusal to assist Serbia.

M. Venizelos again spoke at length in defence of his policy, and the vote was then taken, showing a lack of confidence in the ministry by 149 to 114.

The Patris, the organ of the Venizelos, prior to the debate addressed a supreme appeal to the government to drop its neutrality and seize the opportunity to put an end to what it termed the Bulgarian terror, arguing that as in 1913, the central powers were using Bulgaria as a diplomatic tool against Serbia and Greece and that aggrandizement for Bulgaria meant ruin for Greece.

HON ARHUR MEIGHEN REPUDIATES STORY.

OTTAWA, Nov. 4—When seen today in regard to the report that he proposed to go to the front as quartermaster general in a regiment being raised by General Meighen, of Montreal, Hon. Arthur Meighen, solicitor general said: "I never authorized the announcement in any way and think I should know more about it than any one else."

OLD MEN AND WOMEN FIGHT SIDE BY SIDE

Even Serbian Children Are in Trenches, Trained as Bomb Throwers

FUSILADE OF BOMBS HURLED AT INVADERS

Hated Bulgarians Meet Relentless Enemy—2,000 Women in Army

LONDON, Nov. 4—Fighting in Serbia has been far more desperate than in any former Balkan war, according to telegrams from the Bulgarian front received at Budapest by way of Sofia and forwarded by the correspondent of the Post. M. Momtchilow, president of the Sobranje, who has just returned from the front, is quoted as saying:

"In all Serbian towns, and even in the trenches, our soldiers found women, children and old men who had been trained as bomb throwers, and who generally were quite expert. The civil population is taking a large share in the fighting, and is even more desperate than the soldiers.

Received With Bombs.

"There was not one Serbian village which Bulgarian soldiers entered—except in Macedonia — where they were not received with bombs and hand grenades from the hands of the civil population. Great numbers of bombs were found in almost every Serbian house. In many cases the Bulgarians were obliged to annihilate whole villages, the residents of which, after apparently having surrendered, threw bombs into the streets at the soldiers. Even Serbian officers, after being taken prisoner frequently hurled bombs into the faces of their captors. In Macedonia the civil population has not taken any part in the fighting."

Shoulder To Shoulder With Men.

"There were nearly 2,000 women in Serbia's army when I left, and more soldiers were being organized," said Dr. Gruitch, a Serbian army doctor, in London today. "The women are not in special battalions. Some of them were the complete uniform of a soldier for the sake of comfort, while others wear skirts with a blue tunic. The younger women go with their brothers or their husbands. The women are of every class of the population, and we cannot prevent them from serving. They inspire the men, with whom they march side by side, and with whom they eat and serve shoulder to shoulder in the trenches.

Women Are Unafraid.

"These women are not afraid. Nobody in Serbia is afraid and the women in the ranks do not lose their nerve under fire.

"We realize the great power of our friends in the war. Every soldier feels that we are only a part of a world army, and if it is necessary that our army shall be lost—well, it is only a part. There is time yet to save Serbia, but assistance for her cannot come too quickly."

signed); Miss Elizabeth Johnston, Jasper Place (resigned); Miss Janet Robinson, Parkdale (resigned); Mrs. Nellie Green, H. A. Grey (resigned); A. S. Goddard, King Edward (leave of absence).

The Superintendent of Schools was asked to arrange for the vacancies in connection with the above resignations and leave of absence on the part of teachers, and he has reported to the committee as follows:

Parkdale School: Mrs. E. McLuhan, substitute teacher, has been placed in charge of Miss Annie Fraser's former class.

H. A. Gray School: Mrs. A. G. Muir has been placed in charge, as substitute teacher, of Mrs. Nellie Green's former class.

King Edward School: Miss Mildred Draper, regular teacher, formerly at McCauley School, has been placed in charge of Mr. A. S. Goddard's former class in King Edward School.

The pupils and teachers from the Syndicate Avenue School have been transferred to the McCauley School, where Miss Mildred Draper's class has been divided between Miss Margaret Irving and Miss Lillian Sinclair, thereby releasing Miss Draper to take a room in King Edward School, as above stated.

No arrangement has been made for the relief of Jasper Place, but it is suggested that a substitute be placed in charge of the room vacated by Miss Johnston, and that this matter be left in the hands of the superintendent.

203 Cases of Truancy

During the month just passed 203 cases of truancy were reported by the truancy officer. Of these cases 172 were from the public schools and 31 from the separate schools.

Dr. Dunn, medical health officer, reported that during the month there were 699 inspections made. Of these 93, or 13.9 per cent., were found defective in some respect, exclusive of defective teeth. Contagious diseases were as follows: Four cases of diphtheria, 9 cases of chicken pox, 9 cases of whooping cough, 1 case of mumps, 1 case of typhoid fever.

On October 25th the dental clinic was opened according to previous arrangements with the Dental Society. This is filling a long felt need, and although only a beginning along this line of work, it is hoped to accomplish great good.

NO STRIKE THREATENED.

OTTAWA, Nov. 4 — Officials in the operating department of the Canadian Northern Railway says that they know nothing of the reported trouble over the decision of the conciliation board in the dispute between the firemen and engineers. No strike has been talked of among the men.

CONVENTION OF TEACHERS IS BIGGEST YET

(Continued from Page One).

sults of foreign immigration. Mr. McDonald also called attention to the number of boys who are permitted to go into "street callings." In this city there are no less than 200 newsboys, and a large number of them are between twelve and thirteen years of age, and are being subjected to temptations they should not have to face and influences they should not meet at that early age, and from which they ought to be kept away for at least two or three years. He also called attention to the conditions under which working girls earn their wages, and the limited amount of time they get for entertainment and amusement. In his work in the department he had found that many girls go wrong because of the conditions under which they work, and because they do not get sufficient leisure.

Evening Session

A very interesting program was arranged for the evening session, and there was a large attendance at the Assembly Hall of the Separate School again at this meting. Addresses were given by D. S. McKenzie, B.A., deputy minister of education; W. G. Carpenter, superintendent of city schools, and Prof. J. A. Allan, of the University of Alberta, who gave an illustrated address on "The Geological Characteristics of Alberta." Added to this was a musical program of exceptional merit, and the evening concluded with a dance, for which Turner's orchestra provided the music. Tom Gardner, the popular local violinist, gave two numbers in his usual inimitable style, and was heartily encored on both appearances, and P. K. McGregor gave "Somewhere a Voice Is Calling," and Tosti's "Goodbye" to a delighted and appreciative audience. The orchestra also gave a selection.

Twenty Years Ago

D. S. McKenzie, B.A., deputy minister of education for the province, said he spoke to them as an Alberta teacher and a past president of their association. He was present at the first meeting of the Northern Alberta teachers, which was held in the old school on College avenue nineteen years ago, and in looking back over that time he could see a vast change. The Northern Alberta district was then all the territory north of Red Deer, and the number of teachers at that convention was 22. The present Northern Alberta district only included the city of Edmonton, the inspectorates of Tofield, Wetaskiwin and Onoway, and there was an attendance at this convention of 525 teachers. Edmonton and Strathcona that in view of the development of the great north country in recent years there might yet be an organization north of Edmonton that would call itself a central Alberta institution.

Supt. Carpenter's Address

W. G. Carpenter, superintendent of city schools, gave a short address, dealing with the position of Alberta educationally, as compared with the neighboring provinces. He stated that the premier of Manitoba had recently promised to make attendance at the public schools compulsory in that province, which was already the case in Alberta. In Saskatchewan there are numerous schools in communities in which the language of was at that time served by seven teachers, as compared with about 250 at the present time, and the one inspector for all Alberta was probably not more overworked than the nineteen at the present time. The deputy minister said that it sometimes occurs that institutions outgrow their names, but he thought the reverse was the case with regard to the district which their organization served, and from which it originally derived its name. When it was christened there was no doubt but what its name was quite suitable, but he thought that it could hardly be called the Northern Alberta association now, and he went further and stated the community is used, and in which the English language is not taught in the schools. Such a condition was impossible in Alberta, and he was of the opinion that the Alberta law in this respect was much more advanced than the system in Saskatchewan. Last summer Alberta had the second largest summer school in Canada, the only larger school being the one at Toronto. He made a plea for what was termed the "misfit," and suggested that he thought there was too much "academics" in the present school system, or not enough of some other subjects. His argument was to the effect that while the student with the adaptability for academic studies was cared for, there were also a large number who were no good at reading, writing or arithmetic, and were sometimes considered misfits because they came out near the bottom of the class. He pointed out, however, in support of his contention that it was not always the fellow who was at the top of the class at school that made a success in life, but many of those who were considered "misfits" at school had been the most successful men. He looked upon this as somewhat of a reflection on the school system.

Address on Geology

Prof. J. A. Allan, of the University of Alberta, gave an interesting illustrated address on "The Geological Characteristics of Alberta." He dealt with the history of the science, and the wonderful discoveries that are being unfolded to its students. He showed a number of pictures of fossils that had been taken from the Red Deer river, and gave a very interesting account of some of the animals and reptiles that roamed at large over the present province of Alberta.

GRAFTERS IN WAR SUPPLIES DENOUNCED

Regina Presbyterian Synod Declares They Should be Branded as Traitors.

REGINA Nov. 3—Resolutions commending the Saskatchewan government for the advanced temperance legislation passed at the last session of the legislature, and urging its people to put forth every effort toward the ultimate goal, total prohibition, were unanimously passed at the afternoon sederunt of the Saskatchewan Synod of the Presbyterian Church, being held in Knox church, Regina, today. Important resolutions were also passed respecting the observance of the Lord's Day, the rural church problem, and the recent revelations in regard to army contracts.

The Synod declared that parties guilty of robbing the public treasury, as revealed in recent investigations, should be branded by public opinion as traitors to their country, and by action of the military or civil authorities, be punished even if that entailed imprisonment.

DIED OF INJURIES.

OTTAWA, Nov. 4—Harold Ritchie, organist at McLeod Street Methodist Church here, died today from unshot injuries received Monday last when hunting near Eardley, Que. He was a native of Charlottetown, P.E.I.

HON. ARTHUR MEIGHEN TO GO TO THE FRONT.

By Bulletin Leased Wire.

OTTAWA, Nov. 3—Hon. Arthur Meighen, solicitor-general of Canada, is going to the front. Within a few days he will don a khaki uniform, turn his back upon his office in Ottawa, and become an officer in the Grenadier regiment, which General Meighen is now raising in Montreal for overseas service. The solicitor-general of Canada is to become a regimental quartermaster. As Mr. Meighen has not enjoyed the advantage of military training, either as an officer or as a private, he is going as the internal economist of the Montreal regiment.

A party of Hudson's Bay employees and their friends, numbering about fifty, gave Thomas Crockett and Miss Amy Jones, a surprise at Mr. Crockett's home, 11824 91st street, on Wednesday evening, in celebration of their approaching marriage. Miss Jones, who arrived in Edmonton last Saturday morning in order to become the bride of Mr. Crockett, was a passenger on the ill-fated Arabic when it was torpedoed, and had a narrow escape from drowning. A hearty welcome was extended to her on behalf of the party, by A. Pascoe. The evening was spent enjoyably in singing and dancing, the songs especially of E. Jerrett and W. Langford being much appreciated.

It was stated in error in yesterday's report of the Art Exhibition in McKay Avenue School that a small oil painting of a Russian saint was loaned by A. W. Coone. The painting was loaned by Mrs. W. L. Coone, and is a heirloom that is very highly prized by her. After the siege of Sebastopol, during the Crimean war, the British captured the Redan, a large church that had been used for storing supplies. The soldiers had strict orders not to enter the building for fear of explosion, but Kenward Mark, Mrs. Coone's father, with a few other men, disobeyed orders, climbed into the church and found the painting. The late Mr. Mark came across from the Old Country and made his home in Peterboro, Ont., where he resided for a number of years.

LADY ABERDEEN DID NOT PRESIDE AT PEACE MEETING.

Toronto, Nov. 4.—To an inquiry sent by Mrs. Willoughby Cummins, secretary of the National Council of Women, following a report that Lady Aberdeen had presided at a peace conference in San Francisco, Viscount Aberdeen has replied by telegraph: "Lady Aberdeen, at San Francisco, presided at a congress under the auspices of the National Council of Women of the United States. The subject of peace was not on the program and was not mentioned at the meeting. There was a conference about peace a fortnight ago, with which this week's congress had no connection whatever."

"OUR BOYS."

With hearts of love
We'll join the throng,
Our voices raise
In "welcome" song.

God bless our boys
God keep them too,
And through this strife
Bring safely through.

With hearts we pray,
With voices sing,
God bless our boys
God Save Our King.

And haste the day
When war shall cease
And Nations learn
The art of peace.

At The Gymkhana

Probably the largest assemblage of soldiers ever seen in Edmonton was at the Gymkhana, held under the auspices of the Red Cross Society in the Stock Pavilion at the Exhibition Grounds last night. The khaki-clad men were participants and eye-witnesses. The crowd, too, was a record one. Rows and rows of seats were occupied, as were all the boxes.

In the box with His Honor, Lieutenant-Governor Brett were Justice Scott, Mrs. Scott, Miss Brown, Major Holland, acting A.D.C.; Mr. Hugh Anderson, Premier A. L. Sifton, Mrs. Sifton, Mrs. Dennis, and Mr. Raymond Sifton.

Lieut.-Col. Harwood, officer commanding the 51st Battalion, had some friends in his box with him, and Lieut.-Col. McKinery, officer commanding the 66th Battalion, and Mrs. McKinery also entertained some friends in their box.

With Lieut.-Col. McLeod, officer commanding the 63rd Battalion, and Mrs. McLeod were Mrs. Wilbert McIntyre, Capt. and Mrs. Davidson, Ex-Governor Bulyea and Judge Carpenter.

Superintendent Wroughton, R.N.W.M.P., and Mrs. Wroughton, Miss Crosskill, Miss Shibley, Inspector Wood, Master Jackie Wood and Master Lois Osborne were in a box.

Another box party included Assistant Commissioner and Mrs. Wilson, Mr. and Mrs. Seatle, Mr. and Mrs. Leonard Drummond.

With Col. and Mrs. Belcher were Mrs. Arthur Belcher, Mrs. Fortin, Miss Jessie Belcher, Mr. Alex. Belcher.

With His Worship Mayor Henry and Mrs. Henry sat Dr. and Mrs. Riddell, Commissioner and Mrs. A. G. Harrison, Mrs. Nicholls.

Another box party was composed of Hon. C. R. Mitchell and Mrs. Mitchell, Mrs. Mitchell, Sr., Miss Annie Mitchell.

Pro. and Mrs. Killam occupied a box.

With Dr. and Mrs. Braithwaite in their box sat Mr. and Mrs. Ashworth, Mr. and Mrs. Ewing.

With Mr. and Mrs. Louis Low were Mr. D. B. Mulligan and Mr. Sparks.

Another box party included Dr. and Mrs. Duncan Smith, Miss Smith, Mr. and Mrs. Ransford, Miss Julia Porson.

In Mr. and Mrs. Swaisland's box were Mr. and Mrs. Pardee, Mrs. Mowat, Mr. and Mrs. G. S. Kirkpatrick.

Mr. and Mrs. Rathbone Smith, M. and Madame Thibaudeau made up another box party.

In the judges' box were Mr. W. B. West, Mr. Alex. Galbraith, Mr. Galbraith, Jr., Mr. H. A. Craig.

With Dr. and Mrs. Tory were Dr. and Mrs. Wells, Dean Kerr and Dr. McEachren.

Dr. and Mrs. Whitelaw's box party included Mr. and Mrs. Geo. Cowan, Mr. and Mrs. W. L. Richardson.

Another party included Mr. and Mrs. W. L. Wilkin and Mr. and Mrs. Alex. Henderson.

With Mr. and Mrs. W. J. P. MacGregor were Mrs. McGuire, Miss McGuire and Mr. McGuire.

With Mr. Lawrie were Miss Lawrie and party of friends.

With Mr. and Mrs. Harry Evans were Mr. and Mrs. Sydney Woods, Mr. and Mrs. Frank Matthews, little Marjorie and John Woods.

"JUNE"—in the Trail of the Lonesome Pine, now being played at the Empire theatre.

THEATRES AND MUSIC

TRAIL OF LONESOME PINE PLEASES LAGRE AUDIENCE.

A play of heart interest is "The Trail of the Lonesome Pine," a dramatization of John Fox, Jr's., widely-read novel, which opened its engagement at the Empire last night before a large and appreciative audience. Some of the situations are decidedly melodramatic, but the thrillers of boyhood's happy days cannot for a moment be compared with this offering, which shows the touch of Eugene Walter's master hand.

It is the story of the love of a Blue Ridge Mountain girl for a mining engineer. It tells of the battle of a heart against duty and class distinction. June Tolliver loves, but finally relinquishes Jack Hale because she feels she is not good enough for him, and by giving up the man nearly starts anew a feud that has been long dormant. The scene is laid among the mountains of Virginia and Kentucky, with all the necessary adjuncts of moonshine whisky, feuds, peculiar idioms and drawling speech. The scienic effects, more particularly those of the first and last acts, where the lonesome pine towers in all its majesty, are especially good, and the light effects of sunset and sunrise excellent.

Miss Ruth Copley, as June, gives a lifelike interpretation of John Fox's heroine. Her presentation of the mountain girl, ignorant, aggressive, profane, and lovable is perfect in its sincerity. In her dramatic scenes she is an actress of exceptional skill, and in her frequent emotional outbursts of June, is excellent. William Wells, her lover, versed in the ways and customs of the outside world leaves nothing to be desired, while James P. Houston, the leader of the Tolliver feudists, and father of June, injects enough snap into his rough and ready manner to satisfy the demands of the play.

Joe Rieder, as Hale's friend is a particularly pleasing actor, his voice articulation and smile being unique. His voice alone is one of the pleasing features of this pleasing play, and he knows how to use it effectively. Dave Tolliver, as presented by Thomas Morrison, the would-be husband of June, is well done. Richard Riley, John Nash, Beatrice Litton and Ray Kehm serve as good supports for the principals.

"The Trail of the Lonesome Pine" will be the attraction again tonight, closing engagement with two performances on Saturday.

TWO BIG HEADLINERS AT PANTAGES NEXT WEEK.

Next week's bill of vaudeville at the Pantages theatre boasts of two big headline acts as well as other acts of standard vadueville on the program. The Four Casters, the world's greatest aerial gymnasts, are scheduled as the leading attraction for next week in their hair-raising and sensational high-bar act. These four athletes have no equals in either the circus or vaudeville field, they are in a distinct class by themselves. "The Game of Love" is the other feature on this same bill and is in the form of a musical comedietta with comedians and girls. A modern love story plot acts as the basis for the skit and gives opportunity for the introduction of comedy situations, pretty girls and attractive costumes. Other acts on this program are: Knox Wilson, assisted by Bert Lowe, in a mixture of comedy and song; Jarvis and Harrison in an original comedy patterlogue, "Flirtology;" and Harry LaToy the comedy juggler.

"Colonial Days" is the elaborte musical offering that is attracting so much attention at the Pantages this week. Talented musicians and singers, twelve in number, compose the company of "Colonial Days" and all play a variety of band and orchestra instruments. The offering closes its local engagement tomorrow night. Other acts to be seen for the last time on Saturday are: S. H. Dudley and Co. in a comedy scream, "The Stranded Minstrel;" "Creo," a baffling and mysterious illusion; Dancing Davey in a fast routine of clever dancing steps; and Les Arados, two comedy acrobats.

MARY PICKFORD AT MONARCH THEATRE.

"Esmeralda," by Frances Hodgson Burnett, author of "The Pretty Sister of Jose" and "The Dawn of a Tomorrow"—what names to conjure with! And added to these great names of successful plays and gifted author, the unparalleled name of Mary Pickford as further and complete guaranty of the unsurpassable beauty and appeal of the photo-production of this famous dramatic success, produced by the Famous Players Film Co. on the Paramount program.

And as if these sterling names were not sufficient to suggest the importance of this feature attraction, such favorites as Ida Waterman, Fuller Mellish, who distinguished himself as the pope in the Famous Players' great photo-spectacle, "The Eternal City," and Charles Waldron, the lead of the recent dramatic triumph, "Daddy Long-Legs," who made his screen debut in a recent Famous Players' feature, "When We Were Twenty-one," form the conspicuous members of the supporting company that, together with the transcendant art of Mary Pickford, make "Esmeralda" one of the notable feature productions of the year.

"THE CIPHER KEY" AT DREAMLAND TODAY.

"The Cipher Key" is a fine Lubin feature at the Dreamland, showing today and tomorrow. A three part drama by George W. Terwilliger, with a battle of wits between a "yankee" and a South American as its motive, the scenes shift from the land to the sea and even up in the air, a race between an automobile and an aeroplane being one of the main incidents. This race is kept up later between two speed boats, and the finish is full of excitement. Among other features on this programme is the latest episode of "The Hazards of Helen," railroad series, featuring Helen Holmes in the Midnight, Limited." Leading onto the roof of a rapidly moving freight train, and climbing out of the window of a faster moving sleeper, are part of "the day's work" for Helen in this reel, and once more suggests the query, "What is she going to do next?"

WAS FATALLY INJURED

Postmaster at Smoky Lake, Near Pakan, Fell Out of Wagon on Way to Pine Creek.

Bulletin Special.

Pine Creek, Alta., Nov. 3.—E. Robinson, postmaster and general merchant, of Smoky Lake, fell out of his wagon a few hundred yards from his home, when he was starting out to go to Pine Creek. He was brought in to Pine Creek to S. A. McDonald's and Dr. Henry was called. The injured man was later removed to Pakan hospital, but he died on the road there. A post mortem was held by Dr. Lawford and Dr. Henry and the cause of death was found to be hemorrhage of the brain. He is survived by one daughter, who resides in the United States, and who has been notified by Constable Shoultz, of the R.N.W.M.P., of her father's death.

500 TEACHERS IN CONVENTION

19th Annual Convention of Northern Alberta Teachers Association Opens

The nineteenth annual convention of the Northern Alberta Teachers' Association opened in city yesterday at Separate school and will continue today. At 1.30 yesterday 504 teachers had registered, and it is expected there will be a total registration of at least 525. The inspectorates in the Northern Alberta district are Edmonton, Wetaskiwin, Tofield and Onoway.

The officers of the association are: Hon. president, Hon. J. R. Boyle; president, James A. Fife, B.A., M.Sc.; first vice-president, William Garner; second vice-president, Miss K. Goodfellow; third vice-president, Owen Williams, B.A.; secretary-treasurer, J. Percy Page, B.A.

Address of Welcome.

The convention opened this morning at 9.30 when the teachers were welcomed by Mayor Henry, Alderman Picard, chairman of the Separate School board, and J. J. McKenzie, chairman of the Public School Board. W. A. Stickles, B.A., and Geo. Marion, B.A., replied on behalf of the teachers. After the formalities the president's address and the striking of committees made up the morning session.

Rev. A. M. McDonald Speaking.

At the afternoon general session A. M. McDonald, B.A., was the speaker, his subject being "Delinquencies of Social Environment." There was a very large attendance at this session, every seat in the large assembly hall being taken, and a large number of people had to stand.

There were a number of special sessions yesterday. Miss L. Munro addressed the primary teachers on "Oral Language" and Miss L. G. Gibson gave an address to the intermediate teachers on "Literature for Intermediate Grades." The teachers of senior grades took up the question of "Agriculture," F. Grylls being the speaker. Rural school teachers were addressed by J. N. Eagleson, Mus. Bac., on "The Value of Music in the Rural School," and E. B. Asselstine, B.A., addressed high school teachers on "The Value of Athletics."

TORY CANDIDATE IN P.E.I.

Georgetown, P.E.I., Nov. 4.—James A. McIsaac, editor of the Charlottetown Herald, was nominated at Georgetown yesterday Conservative candidate for the Federal constituency of King's, succeeding A. L. Fraser, who was appointed King's County court judge. McIsaac won nomination on a ballot vote over J. A. MacDonald, of Cardigan, former member of the Mathieson government, defeated in the last election for the legislature.

D. A. THOMAS OPERATED ON.

New York, Nov. 3.—D. A. Thomas the wealthy Welsh coal mine owner, who has been in the United States and Canada several months as agent for David Lloyd George, British minister of munitions, was operated upon today for the removal of some of the bone of his jaw. The operation was reported to have been entirely successful and Mr. Thomas is in good condition.

FLOODS IN ITALY.

Rome, Nov. 4, via Paris, 3.35 p.m.—The floods caused by the overflowing of the Tiber have interrupted railroad traffic, uprooted trees and drowned cattle. Mary peasant families have been rescued from areas surrounded by water. No loss of life has been reported. Fine weather has set in and it is hoped the floods will soon subside.

RUSSIAN EDITOR FINED.

Petrograd, Nov. 4.—M. Suvorin, editor of the Novoe Vremya, the chief newspaper of Russia, was fined 1,000 roubles ($500) with the alternative of a month's imprisonment, for the offense of printing an uncensored article on "Problems of the moment." This is M. Suvorin's third fine within three weeks.

FRIDAY, NOVEMBER 5, 1915.

Whether Britain is to avoid compulsory service is a question very interesting to Canadians, but only in a remote way. Our immediate problem is whether Canada is going to put its proportion of men in the field, whether by voluntary enlistment or compulsory service.

President Wilson stipulated that Carranza must declare a general political amnesty if he wanted to be recognized by Washington. Circumstances may compel compliance. Nothing else would. To attain the Mexican presidency without being free to shoot, stab and strangle one's surviving rivals is but a hollow victory.

It transpires that the city power plant has been made carry the sinking fund charges on Laurier park. The land was bought for a power plant site, but that idea was long ago abandoned and the property converted to park purposes. Unless the idea was to load up the power plant, and so make it appear that the cost of producing electric energy is more than it really is, there is no excuse for having continued to levy the debenture charges against the plant.

British experts are looking over Canadian factories with a view to giving a contract for the manufacture of cannon. The initiative in the matter was not taken by the British authorities, but by Canadian manufacturers and bankers at a meeting in Ottawa a month ago, and their efforts have had the cordial assistance of the Dominion government. The scheme does not originate therefore in any pressing need of the British artillery branch, but in the laudable ambition of Canadian manufacturers and financiers to make some money by supplying Britain with guns which would be otherwise procured elsewhere, and in this commendable enterprise they have the approval and assisting collaboration of the Dominion government. It would seem to be probable that if Canadian manufacturers and financiers are willing to go into the business of making cannon for the British government they would be equally willing to go into the business of making rifles for our own government if given the same inducements—that is, contracts. And if it is the business of the Canadian government to assist Canadian manufacturing enterprise to secure contracts for British cannon—as it is—it would seem to be even more the duty of our government to employ this enterprise in supplying our own soldiers with weapons. The standing reason given for desultory recruiting effort during the past year has been the lack of equipment—chiefly rifles. And there has been a pretty steady succession of reports from across the water that the Ross rifles that were served out to the first and second contingents have not been found altogether satisfactory in the rough and tumble work of trench fighting. As there is an admitted lack of rifles, and an accumulation of evidence that throws doubt upon the dependability of those that have been supplied, would it not be well for the government to try to direct the enterprise of our manufacturers and financiers into the business of making rifles? The excuse that rifles were scarce was acceptable a year ago, but it is no good now. Rifles should not be scarce in Canada now, but they are. And the type of rifle supplied to the Canadian troops now should be a weapon of undoubted efficiency. That our manufacturers are trying to get contracts from Britain for making cannon is evidence that they would hail with delight an order from Ottawa for a few hundred thousand rifles. Why have they not been let loose on the task of supplying this admitted need?

Liberty at any price is cheaper than subjection to Kultur. The patriotic fund is part of the price of liberty.

The Duke of Manchester, having gone "broke," is said to have come to Canada. This is no place for him. There are enough unemployed here now.

The farmer is not among the parties who have cause to shiver at the prospect of a tax on excessive war profits. The milling combine has seen to that.

The men of New York, Massachusetts and Pennsylvania decided that the women who live with them are not intelligent enough to vote. Maybe they are right.

A Swiss despatch says German submarines in the Mediterranean have been ordered to blockade Greek ports to prevent the landing of more Allied troops. The announcement is likely for political effect. What are we to suppose the submarines have been trying to do in the past?

As against the interested estimate of Mr. McLaws that gas at 25 cents per thousand is cheaper than coal at a dollar per ton, is the convincing fact that hundreds of Mr. McLaw's customers in Calgary have found that gas at 35 cents per thousand is dearer than coal at six dollars per ton—enough dearer to make it good business to throw away the gas fixtures and instal coal furnaces.

The opinion of the city solicitor on the power agreement was that if the agreement was a franchise it had to be submitted to the burgesses for approval; if it was not a franchise it could be ratified by the council without submission to the burgesses—if the city had the power to enter into it at all. In deciding to submit the agreement to the burgesses the city council decided to treat it as a franchise. It ought therefore to be treated as a franchise all the way through, and a two-thirds majority considered necessary to its approval.

The British Government has cabled thanks to Ottawa for yielding to the appeal of His Majesty and to public opinion and calling for another hundred thousand recruits. This is confusing. We have been told that the trained men in Canada were held here because the British authorities did not need them. Their prompt thanks for the new prospective Canadian battalions puts that explanation out of court. In view of it Canadians will have to be shown proof that these men would not have been gladly accepted if they had been offered.

By Wednesday evening subscriptions to the patriotic fund totalled somewhat more than one-third the necessary amount. Good as this showing is, it is not good enough if the whole amount is to be raised during the week. It is upon every conceivable consideration desirable that this should be done. We do not want the allowance of the dependents of Edmonton men who have gone to the front cut down because their fellow-citizens have not given in proportion to people elsewhere. It would be humiliating if future enlistment here were discouraged by fear that wives and children left behind would not be provided for. What sort of a reception would we be able to tender "the boys" when they come home if we had not done our bit as the situation called for? And the prestige of the city that has led all Canadian cities in supplying soldiers would suffer a blow if it were announced that her citizens at home had failed to do their part in the spirit of those who have enlisted. There is need, real and pressing, that every one should give, give as generously as possible, and give now.

Critics who have been assuring us that the German drive through Serbia would do the enemy no good have suddenly discovered, now that the drive has succeeded, that Serbia contains the most valuable copper mines in Europe. Isn't it about time to give up the notion that the war makers are fools who are throwing away men in purposeless drives in profitless directions, and to take it that when they start an offensive they have something in sight that is worth their while to capture and worth our while to prevent them capturing?

British papers are able to inform Germany that one of its latest super-submarines was gathered in within a few hours of leaving its base. And from the evidence of the shipping returns the catch was not a "lucky fluke" but an incident in the systematic and successful operation of rounding up the Unter-sea craft. However it has been done, the British navy seems to have put the under-water pirate out of business. Barring accidents there is reason to hope and expect that this efficient slayer of women and children will cut less figure in the future.

The Minister of Finance is being congratulated that his taxing devices took six millions more out of the public during the first seven months of the present year than during the corresponding period last year. The public are also due for congratulation that in deference to the general demand for economy the expenditures during the same period were cut down eleven and a half millions below the sum for which authority was taken. As a reduction for the seven months amounts to a little more than a third the amount the Minister estimated that he will have to borrow for other than war purposes, there seems a prospect that the addition to the national debt this year may not be more than fifteen millions beside the war loan.

There is probably as little to choose between Carranza and Villa as there was between Carranza and Huerta, as the head of a government. But Carranza is the head de facto, and with a fair field and no favors to the other he should be able to make a prompt and final end of Villa, and establish something as nearly resembling peace, order and good government in Mexico as the Mexican environment seems to permit or the Mexican disposition seems to want. The intervention of the United States on behalf of Carranza, when Carranza's chances were no better than Villa's chances are now, doomed the Huerta administration to downfall and Mexico to three years' bloodshed. It is to be hoped for the sake of the Mexican people—if there is a Mexican people as distinguished from the rival bands of brigands—that the error will not be repeated, and that Carranza will be allowed to finish Villa as Huerta should have been allowed to finish Carranza.

ASKS QUESTIONS OF MAYOR.

To His Worship, Mayor Henry, of the City of Edmonton.

Dear sir,—As a citizen and ratepayer who is interested in the future welfare of the city, and who considers the present gas agreement, which is soon to be voted upon by the people of the city, of great importance, and which will have great influence on the future development of the city, therefore, I beg to submit the following questions to you:

1. Is there anything in the agreement to compel the company to furnish gas for industrial purposes?
2. Is it not left entirely with the company to furnish gas for industrial purposes at their option only?
3. Could the company refuse to sell the gas for industrial purpose direct to the city, but could sell it to a subsidiary company, if they wish to do so?
4. Could, or could not, the company furnish gas to just part of the industries and refuse to serve others?
5. Is there anything in this agreement which would protect any industry against the company who may furnish the gas for part of the time, then, under a pretext, refuse to do so any further?
6. Would it not serve the people's interest better if paragraph two (2) in section seventeen (17), wherein it states that the company were to be ready to deliver gas to the consumers, if the following words were added: "Seventy-five per cent." of consumers.

I would further beg that you have the city solicitor pass an opinion on the above questions as soon as possible and have same published in the city daily papers, so as the people of the city may have a chance to fully understand the questions pertaining to this agreement before they are called upon to vote on them.

Knowing that your Worship has the city's interests at heart, therefore I pray to you to give this matter your best and earliest consideration.—Thanking you in advance, I am, your obedient servant,

J. A. DOBRY.

Unexplained Changes Made in Canadian Artillery Commands

This Week's "Truth" Advises Inquiry be Made by Military Authorities—Many Commanders Placed on the Reserve Brigades Without Notice.

London, Nov. 3.(C.A.P.).—On October 27 there was made public in London a long list of changes in Canadian artillery comamnds at the Shorncliffe base. This week's "Truth" expresses surprise that so many changes were made with no apparent reason.

"Truth" recommends that the Canadian military authorities make inquiry into statements which are current at Shorncliffe regarding recent wholesale changes in the artillery commands, which, says "Truth," were apparently made without warning and no reason given.

"All these officers, some of whom, if not all, have come out from Canada in command of their batteries, are transferred to reserve brigades, which means that for them prospects of getting to the fron tare closed for an indefinite time,, in favor of new sections. Such a wholesale shunting of men at such short notice will require a good deal of justification."

NATIONALIST LEADER INSULTED CANADIANS

Ottawa Free Press Says Armand Larvergne Hoped to Prevent Success of Recruiting in Quebec.

OTTAWA, Nov. 4 — The Evening Free Press, commenting on the refusal of Lt.-Col. Armand Lavergne to accept the invitation of Sir Sam Hughes to raise a regiment for overseas service says:

"His letter to Sam Hughes this morning, handed out for publication before its receipt by the general, proves him altogether unworthy to be the leader of any section of the population of the British Empire, and unworthy to wear the uniform of a British soldier, for he is either appallingly blind and ignorant or worse.

"Armand Lavergne stands convicted in the two sentences, 'I cannot assume the responsibility for asking Canadians to take part in a war which is not for the defence of Canada. It is not for us to defend England; it is for England to defend us.'

"No political exigencies should be permitted to stand in the way of all right-thinking, loyal Canadians publicly denouncing the doctrene which which Armand Lavergne has, with deliberation and possible malice aforethought, dared to promulgate in so offensive a manner.

"Armand Lavergne has insulted the whole Canadian people, French as well as English speaking, by attempting to prevent the success of recruiting, especially in Quebec."

DRASTIC EXTENSION OF PRESS CENSORSHIP

London, Nov. 4.—The London morning papers see a threat of drastic extension of the press censorship in the statement in he House of Lords by Sir Stanley O. Buckmaster, the former head of the press bureau.

"We must have a stringent censorship. If newspaper attacks are to be concentrated on a particular minister and then on another, it may be a matter for consideration whether the existing power should not be extended."

SHE SUFFERED 30 YEARS

Zam-Buk Cured the Ulcer in a Few Months

If Mrs. Jeffrey, of 31 French St., Methuen, had known about Zam-Buk thirty-three years ago, she would have saved herself just thirty-two years and some months of pain! Think of it! She says: "Thirty-three years ago an ulcer appeared on my ankle, which, in spite of treatment, continued to spread almost to my knee. I tried remedy after remedy, and was treated by various doctors for over 25 years, but only got temporary relief!

"The pain I suffered day and night was terrible; in fact, as I recall those days, I do not see how I was able to stand it! For years I could hardly walk, and was unable to leave the house. The ulcer extended from my ankle to my knee and was an open sore.

"One day I saw an account of a very bad ulcer having been cured by Zam-Buk. While I had become sceptical of all so-called remedies, I determined to give Zam-Buk a trial. I applied Zam-Buk freely every day, and the sore soon showed signs of healing. The inflammation went away, the pain was eased, and I was soon convinced that after thirty years of suffering I was on the road to recovery. I realized that a complete cure could not be effected in a day, and persevered with Zam-Buk. Finally the terrible sore was quite healed. I have waited over a year before writing you, but there has been no trace of the ulcer returning."

For ulcers, abscesses, eczema, scalp sores, piles, cold sores, chapped places, baby's sores, eruptions, cuts, burns, bruises, and all skin injuries and diseases Zam-Buk is without equal. Sold everywhere, 50c. box, or postpaid from Zam-Buk Co., Toronto, upon receipt of price. Refuse imitations.

MANY HORSES TO OFFER FOR FRENCH PURCHASE

Expected That Three or Four Hundred Will Be Here on Saturday.

Already it has been promised that some three or four hundred horses will be in Edmonton for the inspection by the French army commissioners, who will be here on Saturday.

J. H. Ashcroft, of the Edmonton Stock Yards, Limited, and W. F. Stevens, live stock commissioner of the Alberta government, have been busy for some time getting the farmers interested in this proposition, and the result has been that up to date they have the promise that approximately 500 horses will be at the Exhibition Grounds on Saturday next, for the inspection of the French officials, and they hope before Saturday to have many more promises.

It would help materially if farmers, who have horses of the required type, would send in their names and addresses, together with the number of animals they have for sale, to the Stock Yards Company or to Mr. Stevens, at the Parliament Buildings.

At Dunmore, recently, they purchased 400 horses, and in this connection the Medicine Hat News of Monday says:

"Four hundred horses were secured by the French horse buyers at Dunmore this morning. Sixty-eight were secured at Eagle Butte yesterday and a great many more are expected at Dunmore this afternoon. The buyers will continue to purchase until the offering ceases.

"The buyers took everything this morning. Color was no objection, they took white and white-faced ones and the few rejections were on account of size. The smallest horse they took was 15 hands. It is understood that the Italian buyers are to follow and that they will take as low as 14.2. If they do, the smaller cow ponies of the country will be cleaned out.

"The buying took place Sunday at the ranch of John Read, near Eagle Butte, and practically all horses offered were taken.

"Commandant Courtois, Dr. Caze and Messrs. Jamieson and Willows, of Renfrew, and Good, of Toronto, are in charge of the buying."

STRIKE IN TORONTO.

Toronto, Nov. 4.—The strike begun Tuesday of employees of the Hydro-Electric Company of Toronto still is in force, but the system, according to General Manager Couzens, of the commission's street car and electric lighting services, is running without any trouble. Clerks replaced the men who left their work to force immediate acceptance of a majority arbitration award of ten per cent. increase in pay.

Ask for the New Packet

In future, BLUE RIBBON TEA will reach the consumer in the new air-tight double package.

This is far and away the most efficient method of packing tea. But only the largest packers can use it, as the process involves extremely costly apparatus.

In place of the old lead packet—easily punctured and liable to rust—a double thickness of absolutely dust-proof, air-tight, oiled parchment and stout cartridge paper is used. The combination makes a perfect preventive of the slightest deterioration.

In a word—a perfect wrapping for a perfect tea—

King's Message To His Troops

London, Nov. 2.—A dispatch from Reuter's correspondent at British headquarters in France contains a special order of the day to the British army, issued by King George before his departure for England. The order says:

"I am happy to have found myself once more with my armies. It is especially grateful to me to have been able to see some of those that have been newly created, for I have watched with interest the growth of these troops from the first days of recruit drill through the different stages of training, until their final inspection on the eve of their departure for the front, as organized divisions. Already they have justified the general opinion then formed of their splendid fighting worth.

"Since I was last among you you have fought many strenuous battles. In all you have reaped renown and proved yourselves at least equal to the highest traditions of the British army.

"In company with our noble allies you have battled the infamous conspiracy against the law and liberty of Europe, so long and insiduously prepared. These achievements have involved vast sacrifices, but your countrymen, who watch your campaign with sympathetic admiration, will, I am well assured, spare no effort to fill your ranks and afford you all supplies.

"I have decorated many of you, but had I decorated all who deserve recognition for conspicuous valor there would be no limit, for the whole army is illustrious.

"It is a matter of sincere regret to me that my accident should have prevented me from seeing all the troops I had intended to see, but during my stay among you I have seen enough to fill my heart with admiration at your patient and cheerful endurance of life in the trenches—a life either of weary monotony or terrible tumult.

"It is the dogged determination evinced by all ranks which will at last bring you to victory. Keep the goal in sight, and remember it is the final lap that wins."

The King, the correspondent adds, was conveyed in motor ambulances to the station and then transfered to a hospital train. On his arrivel at (name of port deleted) the King was placed aboard a big hospital ship, which was conveying a large number of wounded to England. His embarkation was private, being witnessed only by a few casual spectators.

GERMANY CLAMPS LID ON CORRESPONDENTS

Foreign Newspaper Representatives Requested to Say Nothing Unfavorable

London, Nov. 4.—New regulations imposing unprecedented restrictions on foreign newspaper correspondents in Germany have been promulgated in Berlin, according to a Mail dispatch from the Hague. Correspondents, it is said, have been required to sign a paper virtually binding themselves to send nothing offensive to Germany and must promise that their telegrams will not be altered by the editors receiving them, as well as that no headlines unfavorable to Germany will be printed above them.

The dispatch asserts correspondents must further agree to remain in Germany until the end of the war. They must file, hereafter three copies of each dispatch, one to be kept by the foreign office and another at the headquarters of the general staff.

AGREEMENT WILL NOT BE ADOPTED UNTIL TODAY

Proposed Power Agreement Has Been Approved Clause by Clause

CONSULTING ENGINEER SAYS MINIMUM TOO HIGH

In His Opinion City Will Not be Able to Use 45,000,000 K.W.H.

Although every clause and amendment of the measure has now been adopted separately by a majority of the council, the proposed power agreement with the hydro-electric company is to be given still further special consideration, a meeting for the purpose of its final adoption being called for this morning at ten o'clock. Since the amendments and revisions of the agreement were not incorporated in complete and properly drawn copies, Alderman Sheppard protested against an adoption at the special meeting which extended until nearly two in the afternoon, and it was conceded that the proper procedure would be to have the revised copies furnished every member of the council before asking for a final expression of opinion.

Will Not Use 45,000,00 K.W.H.

Shortly before the adjournment of this meeting Mayor Henry drew from W. E. Skinner, consulting engineer, the admission that in his personal opinion the city would not be able to consume the minimum of 45,000,000 k.w.h. in the seven years named in the agreement, after the ratification of the contract. When Ald. Ramsey reminded him that Winnipeg and other cities are using a great deal more electric energy per capita than Edmonton at the present time, Mr. Skinner explained that the lack of large manufacturing concerns here may explain the disparity. He cited four large concerns in Winnipeg that use more energy annually than the entire City of Edmonton. He replied to Ald. Ramsey that he was not in a position to explain why Victoria, B.C. as a purely residential city should us more power than Edmonton.

Effecct of Cheap Power.

Alderman Ramsey in defense of the minimum clause in the agreement said he believed Edmonton was more favorably situated than Winnipeg and the growth would consequently be more rapid. Mr. Kelsch said that the reason why there were so many large concerns using power in Winnipeg was because the hydro-electric plants made cheap power possible. To which Mr. Skinner replied that some of these concerns were established before power was cheap.

It was along these general lines that the discussion ranged for nearly three hours this morning, the several revised clauses of the agreement being adopted without prolonged comment.

Question of Depreciation.

The much-debated question of depreciation was talked practically threadbare, during the argument a further report from Mr. Skinner, read at the opening of the meeting, bringing up the issue afresh. In his report, Mr. Skinner tabulated the items which made up the power cost figures submitted yesterday. This table gave the following:

North Side station—Operation, 1.32; maintenance, .14; sinking fund, interest and insurance, .60, and depreciation, .49; a total cost of 2.55 cents.

South Side station—Operation, .01; no maintenance; sinking fund, etc., .07; depreciation, .05; a total of .13 cents.

Sub station (car barns)—Operation, .02; maintenance none; sinking fund etc., .04; and depreciation, .02; making a total of .08.

These figures gave respective totals of 1.35, .14, .71 and .56, with a grand total of 2.76 cents.

Must Pay Capital Charges.

Mr. Skinner drew attention to the fact that some of these items incident to this table would have to be taken care of by the city even in the event of entering into an agreement, which he will report more fully upon, according to the subsequent instructions given him by council. He pointed out that these charges would be those of capital, operation of switchboard, etc. In reply to Alderman Ramsey, he agreed that depreciation would be less on the power plant if held as a reserve plant by the company, than if operated continuously. But some depreciation should be charged.

Mayor Henry asked Mr. Skinner if he had consulted with the representatives of the power company when arriving at a basis of a 6 1-2 per cent. depreciation. He said he did not object to a reasonable depreciation, but he wanted to know why Mr. Skinner assumed that the charge should be as high as stated. Mr. Skinner said he had discussed the matter with the company and the civic officials, and, as a matter of fact, the company thought the depreciation should be double his figures.

Alderman Clarke saw no reason for charging any depreciation when the plant is being maintained to a high standard of efficiency. Depreciation was one of the attempts being made to discredit municipal ownership.

Says Plant is Obsolete.

It was charged by Mr. Kelsch that much of the city's plant is now obsolete and that depreciation should, therefore, be high to guarantee replacement.

The adoption of a revision of the fair wage clause brought a protest from Alderman Kinney against the council looking to him as one responsible for its drafting. He had been given concessions by the company, but he was unable to get all he wanted, but inasmuch as the entire council was concerned as much as he was in the working conditions of the city, he wanted them to assume a fair share of responsibility for the provision. And as for the agreement he wanted to take some action which would require a two-thirds majority vote to carry.

Alderman Clarke announced that he was going to support the agreement for various reasons, one of which was the objection to the way the power plant had been managed in the past.

Aldermen Williamson and McArthur were not present at this meeting, and Mayor Henry was absent for a portion of the time, speaking at the Industrial Association luncheon.

Cub Reporter Sees Premier At Vancouver

"How Long do You Expect to be Premier?" Was His First Question

The Hon. A. L. Sifton, who returned to the city yesterday after a trip to Vancouver in company with Geo. J. Bury, vice-president of the Canadian Pacific railway, thinks there should be an age limit for provincial premiers.

The subject cropped up in a most unexpected way. A reporter from the Vancouver Sun—a very, very young reporter, by the way—was sent to interview Mr. Sifton. It is usual in the course of such delicate interviews to talk about minor subjects first, such as the weather, and, after feeling the way, as it were, and becoming better acquainted, pass on to the things that really count.

But the cub reporter, blushingly and falteringly, straightway plunged into the very midst of things, and blurted out, "How long do you expect to be premier?"

It was a question, after all, that Premier Sifton had not the slightest hesitation in answering.

57 From 70 Leaves 13.

"After considering the subject," he said, "I really think there should be an age limit for provincial premiers, and that they should retire at seventy."

And then Mr. Sifton went on to state that that very day happened to be his birthday, and that he was fifty-seven, although the years have dealt so lightly with him that one would hardly have the temerity to mention so high a number.

The cub reporter took the matter seriously, made the delicate inference that fifty-seven from seventy is thirteen, and elaborated on the matter very fully. It was one of the amusing experiences that are met with in every man's lifetime.

Lumbermen Watching Alberta.

During his stay at Vancouver, Premier Sifton addressed the Canadian Club, in company with Premier Matheson, of Prince Edward Island, and dealt extensively with banking and transportation problems. He says that the lumbermen are watching with interest the reports of the big crops in Alberta this year, and hope to ship in a great deal of lumber, with the expectation that the prosperous farmers will "pull down their barns and build greater."

NEW CRISIS PRECIPITATED IN GREECE; GOVERNMENT UNDER ZAIMIS DEFEATED

Party of Former Premier Venizelos Refuses Vote of Confidence in Government's Foreign Policy—Zaimis Will Resign and Issue Again Will be Between King Constantine and Venizelos

Athens, Nov. 4, via London, 4:30 p.m.—The immediate cause of the defeat of the Zaimis government was a remark made by war minister Yanakitsas, which was considered by former Premier Venizelos as insulting to the national assembly. M. Venizelos demanded an immediate apology. Premier Zaimis thereupon declared the government stood behind the war minister and demanded a vote of confidence.

Paris, Nov. 4, 12:25 p.m.—The Zaimis government in Greece was defeated in a discussion of foreign policy in parliament today and is expected to resign, says a Havas dsipatch from Athens.

A discussion of proposed military laws, the report says, raised a question between the minister of war, General Yanakitsas, and the majority party of former Premier Venizelos. On this issue Premier Zaimis decided to ask a vote of confidence.

The discussion then turned to the foreign policy of the government. M. Venizelos declared it was impossible for his party longer to sustain the government whose policy he considered harmful to the interests of the country. All the party leaders engaged in the discussion. The final vote was 149 against the government to 114.

After the vote which put the government in the minority was taken, Premier Zaimis asked the chamber to suspend its work until a new cabinet was formed.

Premier Zaimis has been in office less than a month, having been asked by King Constantine to form a cabinet after the resignation of Premier Venizelos on October 6. The retirement of the Venizelos ministry grew out of its policy in favor of entering the war with Serbia against Bulgaria, to do which M. Venizelos maintained Greece was bound by her treaty obligations. The king took the ground that in the circumstances Greece was not obliged to take up arms.

M. Venizelos resigned the premiership in April owing to disagreement with the king on a similar question of foreign policy, but won a pronounced victory in the general elections of June and returned to office in August. His majority in parliament remained intact after his retirement last month and the Zaimis ministry was able to maintain itself before parliament only by the acquiescence of M. Venizelos. In a speech on October 13 the former premier said Greece should not allow Bulgaria to crush Serbia.

Zaimis Will Resign.

London, Nov. 4, 12:55 p.m.—The Athens' correspondent of the Exchange Telegraph Company asserts that, following his defeat in the chamber of deputies, Premier Zaimis will resign.

Means New Crisis.

London, Nov. 4, 1.03 p.m.—The Greek minister at London, Johannes Gennadius, said tihs afternoon he had received no official information of the reported defeat of the Zaimis government. "If true," he said, "it presumably provides a new crisis."

Albanians Have Revolted.

Rome, Nov. 4, via Paris, 5 a.m.—Albanians living in the Susagora and Krusevo districts of Serbia have revolted, according to a Durazzo dispatch to the National Agency. A desperate battle between Serbian troops and rebels has been fought north of Tirana. The anti-Serbian movement has spread into Northern Albania.

If the reported Albanian uprising against Serbia assumes important proportions it may prove a menace to the Serbian army, threatened on three sides by its enemies and whose only apparent avenue of escape is into the Albanian mountains. Reports reaching Rome from Albania have been disquieting to the allied nations, as it was said Austria was trying to stir up trouble by arming and inciting Albanian bands to attack the Serbs and Montenegrins, to facilitate Bulgaria's descent to Durazzo.

It has been maintained, however, that a factor in favor of Serbia was the friendship felt for that country by Essad Pasha, former provisional president of Albania, who has a large following and who has been engaged in guerilla warfare against his opponents for some time.

CANNOT ACCEPT TENDERS.

OTTAWA, Nov. 4 — Advices have been received that the British authorities on account of the long term contracts with the Argentine, are not able to accept the tenders of the Canadian packers for large supplies of dressed meats. It is proposed, however, that the British board of trade should place a refrigerator steamship on the Atlantic service to furnish an outlet for the surplus of this product in Canada.

TWO MEN ELECTROCUTED.

CORNWALL, Ont., Nov. 4 — Two men were electrocuted in the St. Lawrence brewery here today. This afternoon Louis Chevalier, a Cornwall man, about 24 years of age, in some way leaned against the switch board and was instantly killed. Later Omer Latour, another employee, while showing a friend how Chevalier must have met with the accident, was himself instantly killed when he grasped two circuits at the same time.

MAKES GENEROUS OFFER.

OTTAW. Nov. 4—Hon. J. D. Hazen has received a letter from E. W. Southern, keeper of lighthouse station at Westport, Digby country, N.S., authorizing him to deduct $100 from his salary during the year 1916 to be used at his discretion for purposes in connection with the war. As Mr. Southern receives a salary of only $520, this is probably the most generous gift yet received by the government.

VENIZELOS CHEERED

The Central News correspondent at Athens says that after Premier Zaimis handed his resignation to King Constantine the chamber of deputies again assembled and there was a striking demonstration in honor of former Premier Venizelos.

Paris, Nov. 4, 7.15 p.m.—A later dispatch to the Havas News Agency from Athens says that at noon today Premier Zaimis went to the palace to present to King Constantine the resignation of the cabinet. Athens newspapers which are opposed to M. Venizelos consider dissolution certain.

Rome, Nov. 4, via Paris, 6.30 p.m.—Commenting on the Greek cabinet crisis, the Giornale D'Italia says: "Logic seems finally to have triumphed. Venizelos sholuld return to power, but in Balkan affairs any surprise can be expected."

Saloniki, Nov. 3, via Paris, Nov. 4, 4.25 p.m.—According to information obtained in Greek sources, believed to be reliable, King Constantine has assured the French minister at Athens that should Roumania join the entente allies, or should the situation of Serbia be appreciably ameliorated by an Anglo-French offensive movement, Greece will not be unprepared to change her present attitude. The reports that Russian troops are landing at Varna has made a deep impression here.

SERBIANS ARE BEING SLOWLY PUSHED BACK

Fighting Doggedly to Keep Way Open For Their Retreat Into Montengro.

London, Nov. 4—While the Serbians are fighting doggedly to keep the way open for their retreat into Montenegro, their Franco-British allies are beginning to make their presence felt in Macedonia where, according to unofficial reports, they have gained a success on the Istip front.

The Serbian army is retreating steadily toward its central defenses, but its fighting qualities apparently have not been seriously hurt by the tremendous battering it has received from the invaders.

The only success for the Serbians admitted by Berlin is one along the Nishava river, where the Bulgarians have been thrown back toward Palanka "by superior forces" but the invaders now are only 12 1-2 miles from the temporary Serbian capital and a check along the Nishava is not likely to give the harassed defenders much respite.

Concentrating In Bessarabia.

From Bucharest comes a report that the Russians are concentrating great forces at the port of Reni, in Bessarabia, from which place they are expected to make a direct landing on Bulgarian territory if Roumania gives an interpretation of the internationalization of the river Danube friendly to Russia by which men and munitions may be conveyed by river into Bulgaria.

Along the eastern front, Russia continues to claim a series of successful attacks on the Austro-German positions. From the most northerly point along the eastern battle line comes a report which has a Russian source, that the German commander, Field Marshal Von Hindenburg, despairing of the capture of Riga and Dvinsk, is preparing winter quarters near his present position along that front.

PROHIBITION VOTE IN NEWFOUNDLAND

Supporters of Movement For Suppression of Liquor Are Confident of Endorsation

By Bulletin Leased Wire.

ST. JOHN'S Newfoundland, Nov. 4—The prohibition plebiscite took place today. The supporters of the movement are confident of success. The counts, however, do not begin until tomorrow. Because of the scattered population and the methods of counting the ballots, definite returns are not likely to be at hand for a week. The ballot boxe in every electoral district are brought to a central polling place to be counted. There are eighteen districts, each of them including widely separated settlements. Most of the villages are on the coast and the ballots are carried to the polling place by sailing vessels, which often are delayed by storm.

A peculiar feature of the system in Newfoundland is that the ballots brought into each polling place are mixed before counting, so that it is impossible to learn how any particular locality voted. The advocates of prohibition have made an active campaign, and have brought in many orators from Canada and the United States.

They have high hopes of the result. The liquor interests have made no open attempts to offset the arguments in favor of the prohibition of the sale of liquor throughout the island.

FOREST FIRES DESTROY TIMBER

OTTAWA, Nov. 4—Large areas of forest have been destroyed this year by fires which have occurred along the Hudson Bay railway, under construction for the Dominion government between Le Pas and Port Nelson, Manitoba. It is estimated that the burned area will total not less than 500,000 acres, causing a destruction of forest values amounting to $750,000, in addition to a heavy loss of game and fur bearing animals. In some cases, considerable quantities of supplies belonging to railway contractors were also destroyed.

UNITED STATES MUST BE READY TO DEFEND ITSELF

By Bulletin Leased Wire.

NEW YORK, Nov. 4 — President Wilson opened the administration campaign for its national defence program in a comprehensive and carefully prepared address delivered here tonight at the Manhattan club banquet. He declared solemnly that the United States had no aggressive purposes, but must be prepared to defend itself to assume "full liberty and self-development." Significantly, he said that "with ourselves in this great matter we associate all the people of our own hemisphere," adding that "we wish not only for the United States, but for them the fullest freedom of independent growth of action."

LONDON, Nov. 4—An official communication issued tonight concerning the operations in the Kamerum region of Germany, Southwest Africa, says the towns of Bamenda and Banice have been occupied by the British, whose casualties were small.

LONDON PAPERS RESENT ATTACK ON MR. ASQUITH

Lord Willoughby de Broke Is Roundly Denounced by the Liberal Press

By Bulletin Leased Wire.

NEW YORK, Nov. 4—The London correspondent of the New York Herald cabled this morning:

"The attack on Mr. Asquith's speech by Lord Willoughby de Broke in the house of lords yesterday has roused the Liberal press to wrath.

"That the members of this sanctuary of the privileged class will not be permitted to interfere in any way with the real law-making power of the house of commons is evidenced by the bitter tone of such great newspapers as the Daily News and the Daily Chronicle.

"The former denounces Lord de Broke as a mountebank, while the Daily Chronicle bunches Lord Charles Beresford and Lord Milne as members of a pack of disappointed minor politicians who yelp in chores when Lord Northcliff speaks through his yellow press, adding that their shrieks give further proof that democracy never has escaped from the worst set of unpatriotic critics.

"All the newspapers agree, however, with the declaration of Lord Morley, that the British censorship, from which the American press has been the greatest sufferer, through its policy of suppression of news, has discredited reports cabled from England and strengthened German news propaganda in the United States.

NEW COMMISSSION MEETS.

OTTAWA, Nov. 4—The commission appointed by the government a few weeks ago under the presidency of Hon. Senator Lougheed to enquire into the resources and problems of the Dominion, will hold its first meeting tomorrow. Senator Lougheed stated today that the preliminary sittings will be devoted entirely to organization. He added, however, that the commission would lose no time in getting down to the serious work for which it was appointed by the government.

BELGIUM PAYING GIGANTIC LEVY

Ninth Instalment of Six Billion Dollar Penalty Has Been Handed Over

By Bulletin Leased Wire.

AMSTERDAM, Nov. 4—The chamber of commerce of Antwerp has issued a report written by its president, E. Castlein, to the members of the permanent deputation, which represents the chamber before the Belgian government, outlining the steps which the Belgian provinces had taken to pay the German war levy of 480,000,000 francs ($6,000,000,000). The report states:

"The Belgian provinces have just paid the German administration the ninth monthly instalment of the war levy of 480,000,000 francs. They have up-to-date actually paid out 360,000,000 francs, of which 45,000,000 are to be credited to 60,000,000 imposed specially with the guarantee, given by the German authorities in December, 1914, that idemnity for requisitioned merchandise or merchandise which would still be requisitioned en bloc would be paid as soon as possible in our currency in commercial bills of exchange or on credits on German Banks. It, therefore, remains to our provinces, in order to free our country completely from the heavy burden imposed upon her after four months of invasion and devastation to make monthly payments for September, October and November, 1915—that is another 120,000,000, of which 15,000,000 are on account of the 60,000,000 special imposition in exchange for the guarantee of prompt payment for requisitioned goods.

"These facts show that for the past nine months Belgium has most scrupulously met the demands made in her name at the time of the convention relating to war contributions. This convention is, however, of an entirely reciprocal character. Moreover, if Belgium has fulfilled her obligations the German administration is very much behind with theirs, which is shown clearly by the facts gathered by the Antwerp chamber of commerce, and from the general commercial world of Antwerp—facts which it is my duty to lay before you gentlemen in all sincerity and with due deference and loyalty."

WINNIPEG'S CLEARINGS LARGEST IN HER HISTORY

WINNIPEG, Nov. 4—Bank clearings for the week ending today are the highest of the city. The great flood of grain continues to flow east and the transfers of money are correspondingly large. The statement posted in the clearing house was: Week ending November 4, 1915, $58,970,574. Same week in 1914, $39,401,623. Same week in 1913, $53,773,358.

DENIES ALARMIST STORY.

OTTAWA, Nov. 4—he government today sent a cable to the office of the high commissioner in London, denying alarmist reports circulated in Great Britain as to recent losses by prairie fires in western Canada. The cable stated that the area burned over was 12,000 acres and the loss $300,000. Reports circulated in England stated that 100 square miles had been burned over and that there had been heavy loss both of property and life.

ITALY SIGNED "NO SEPARATE PEACE" PACT SEPTEMBER 5

Prince Von Buelow Now in Switzerland, Denies His Mission is Peace.

DISCUSSING POLAND WITH DELEGATE OF THE VATICAN

Peace Talk Has Had Effect on Berlin Bourse—Briand's Speech Approved.

Rome, Nov. 3, via Paris Nov. 4, 4.55 a.m.—Italy adhered to the agreement signed by the allies at London on September 5, 1915, not to make a separate peace, says the Messaggero.

It had been supposed that Italy had bound itself to this agreement until the assertion was made by the Petrograd newspaper Rech that it had not given its adherence. Announcement was made in London, May 24, 1915, that Italy's signature to a formal document binding her to stand or fall with her allies was imminent.

Japan became a party to the agreement on October 19.

A recent Zurich dispatch intimated that the purpose of the visit to Switzerland of Prince Von Buelow, former German chancellor, was to discuss with former Premier Giolitti, of Italy, the possibility of bringing about a separate peace between Italy and the powers allied with Germany. There has been no declaration of war against Germany by Italy.

Von Buelow Interviewed.

Lucerne, Switzerland, Nov. 4, via Paris, 1.50 p.m.—Prince Von Buelow, former German chancellor, informed the Associated Press today that he had not come to Switzerland on a peace mission. He declared Germany was resolved to continue the war to its conclusion by arms.

Prince Von Buelow made it clear that he is not going to Washington to see President Wilson, or to Madrid to see King Alfonso in relation to terms on which Germany might be willing to discuss peace. Nor is he engaged in such discussions with a Papal delegate or any one else.

Must Be Fought Out.

In addition to disposing of these reports, Prince Von Buelow said to the correspondent today: "The war must be fought out."

At another time during the conversation he said: "Germany is united and possesses every resource in material, and, above all, in unity and resolve to continue the war to its conclusion by arms."

The prince talked of the various aspects of the war with considerable freedom, although stipulating that his views on these points must not be made public.

"For I am here as a private person," he explained, "and will not talk politics."

Has Met No Strangers.

The prince and princess make trips daily by automobile to places of interest, usually in company with their close friend, Baron Von Stockhamhern, of Munich, formerly Bavarian representative at the Vatican. The prince appears to be in perfect health, untouched by the anxieties of war. Persons who have had Prince Von Buelow under observation during the eight days he has been in Lucerne are convinced he conferred with no distinguished strangers, such as Monsignor Marchetti, papal delegate to Switzerland; Premier Salandra, or Foreign Minister Sonnino of Italy, or former Premier Giolitti of Italy, each of whom has been reported at various times to have visited him. Neither has he seen Count Ehrensvard, Swedish minister to Switzerland, who has been described as a leader in the supposed peace movement.

To Discuss Poland.

Geneva, via Paris, Nov. 4.—The Journal De Geneve says that Prince Von Buelow is at Lucerne not to treat for a general peace, but to discuss with the delegate of the Vatican certain questions, such as that of Poland.

Effect on Berlin Bourse.

London, Nov. 4.—Peace rumors and the mysterious journeys of Dr. W. S. Solf, German secretary of state for the colonies, to the Hague, and Prince Von Buelow to Switzerland are having an effect on the German stock exchange, according to a Berlin letter to the Frankfurter Zeitung.

This letter reports great activity on the Berlin bourse, where the shares in companies engaged in the manufacture of war materials have become less attractive than formerly. Speculators are now directing their attention to industrial and other securities, which are likely to come into request with the resumption of German foreign trade.

Peace Conditions Premature.

Berlin, Nov. 5, via Amsterdam and London, 12.35 p.m.—The Nord Deutsche Allgemeine Zeitung, which frequently expresses the views of the government, declares it would be premature to speak of peace conditions at this time. The newspaper refers to reports that peace proposals are being discussed by German representatives in Holland, and adds: "The imperial chancellor has made no such statements. It would be altogether premature to speak of peace conditions."

Briand's Victory Speech.

Paris, Nov. 4.—The morning papers unite in the editorial columns in a chorus of praise for Premier Briand's declaration in the chamber of deputies yesterday. Even the royalist press agrees that he said in clear terms what it was necessary to say and promised unequivocally a period of resolute action.

NOT KNOWN IN TORONTO.

J. S. Blake, Who Charges That French Canadians Are Not Doing Their Duty to the Empire.

Toronto, Nov. 4.—J. His name is not in the city directory, and the well-known family of Blakes disclaim knowledge of him.

Acid Stomachs Are Dangerous

A famous physician said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach, which in turn was due, nine times out of ten, to excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. Remarkable results have been obtained by the use of ordinary bisurated magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. It is foolish to treat the stomach itself, neutralize the acid and the stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid; remove the acidity, and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisurated magnesia from their druggist, and take a teaspoonful in a quarter of a glass of water after meals, repeating in fifteen minutes, if necessary.

Big Drive Starts in Hockey War With Both Sides Busy

Winnipeg Monarchs Announce Themselves in Favor of Hockey

Allan Cup-holders Want to Defend Trophy But Have Difficulty Securing a League to Play in—Annual Meeting of Canadian A.H.A. May be Passed Over Next Month for Reasons of Economy.

By Bulletin Leased Wire.

WINNIPEG, Nov. 4—President W. F. Taylor of the Canadian Amateur Hockey Associaition, has called for a mail vote by the provincial branches of that body on the advisability of skipping the annual meting in Winnipeg next month. The reason for this action is similar to that which actuated the A.A.U. of C. on the same topic, the annual meeting. Dr. Taylor is not quite favorable to omitting the annual meeting because, he says, the association is only one year old and though there was an emergency meeting last spring, the organization needs to keep in touch with all parts of the country for the first and formative years of its existence.

Economy is a vital question, however, but it is possible that the A.A.U. of C. and the Canadian Amateur Lacrosse Association will have pretty nearly common delegates and the expense will be distributed so that the various bodies will not be heavily taxed to send representatives to such a central place as Winnipeg. On that account the C.A.H.A. president is hopeful of seeing the annual meeting held here next month after all. The vote will close November 20.

At tonight's meeting of the Winnipeg Amateur Hockey league Dr. Taylor, who is president of that body as well as of the Maenitoba and Canadian Amatur Hockey Associations, announced his retirement after having guided the W.A.H.L. for three years. As his successor the league must find another man independent of any club affiliations and though a number of names were suggested another meeting before the annual on November 13 will have to be held.

The league showed keen interest in the defense of the Allan Cup now held by the Monarchs and will recommend to the incoming executive that the Monarch senior team be allowed to play in any league sanctioned by the Manitoba Amateur Hockey Association, in order that, since Winnipegs and Vics are out of senior hockey this season, the cup holders may keep in trim to defend the cup if called upon to do so, or help develop a champion team for the province, to enter the final series for the cup.

Joe Simpson of last year's senior Vics, now of the 61st batalion, announced that Col. Gray is ready and willing to help the soldiers to put a team into the Winnipeg or any other active senior hockey league for championship or patriotic hockey. The patriotic brand is quite popular.

STUTZ DRIVERS SEARCH FOR JOBS

Gil Anderson and Earl Cooper Visit Chicago in Search of Speed Machines

CHICAGO, Nov. 4—Gil Anderson, winner of the recent Astor Cup race in New York, and Earl Cooper, who competed in the same contest, visited the Chicago Automobile club yesterday and confirmed the announcement that Harry Stutz had quit the racing game. The two Stutz drivers now are free agents and are looking for mounts. Cooper, accompanied by his wife, left last night for the Pacific coast. Anderson will remain in the city for a few days.

When local racing fans learned of Stutz's decision to withdraw his team they were inclined to be skeptical and predicted that he would change his mind before the next big race is held. But after talking with Anderson and Cooper they were convinced that the Indianapolis maker has firmly decided to quit racing. The withdrawal of the white cars removes a team that has been prominent in the game since 1911. Stutz entered a car in the first 500 mile race run over the Indianapolis speedway and finished eleventh. The team continued racing in 1912, but met with little success.

Stars Begin Winning Streak.

The following season, however, Stutz came to the front and won several big races, Gil Anderson capturing the Elgin national trophy and Cooper cleaning up on the Pacific coast. The latter won eight straight races and gained the road racing championship title for 1913.

Bad luck attended the efforts of the Stutz drivers during 1914, but the achievements during the recent season more than made up for it. In the 500 mile race at Indianapolis, Anderson, Cooper, and Wilcox finished third, fourth and seventh. Cooper won two seconds at the Tacoma run several weeks later. In the Chicago speedway race on June 26, Cooper and Anderson finished fourth and sixth respectively, while in the 100-mile match race run over the same track on Aug. 7 Cooper took second place.

Racers Finish One, Two.

In the last four events the Stutz team finished one, two. In the Elgin national trophy race of Aug. 21 Anderson finished first and Cooper second. On the following day Cooper won the Chicago Automobile club trophy race, with Anderson runner-up. In the next event—the Minneapolis speedway race—Cooper was first and Anderson second, while in the recent New York race Anderson won the Astor cup and set a new world's record by averaging over 102 miles an hour for the 350 miles. Tom Rooney, also driving a Stutz, got second place.

Of the $200,000 hung up in prize money during 1915, the Stutz drivers pulled down over $100,000. According to Cooper, all of the prize money went to the drivers and not one penny was retained by Harry Stutz.

PEACE OVERTURES ARE REJECTED

Patricks Refuse to Temporize With Easterners—Coast League May Lose Some Men

By Bulletin Leased Wire.

MONTREAL, Nov. 4—Peace overtures begun today by an official of the National Hockey Association with Frank Patrick, president of the Pacific Coast Hockey Association, were flatly rejected by Patrick. Frank Calder, the secretary of the N.H.A., sent an inquiry to the coast hockey leader as to how he would view proposals that have been mooted by Sam Lichtenstein, the president of the Wanderers, for the establishment of a professional hockey commission to govern the game in the Dominion. Different versions are given of his reply. One is that he announced that any measures looking to a settlement of the dispute would be useless until George Kennedy, manager of Canadians, has paid him the purchase price for "Newsy" Lalonde's services, whom Kennedy secured from Patrick two years ago. The price, $750. Kennedy has stated he will not pay until a new agreement has been concluded between the P.C.H.A. and the N.H.A., that will give the eastern body some return for the money concessions granted the P.C.H.A.

Another version has the additional statement that Kennedy flatly stated there would be no further negotiations as long as T. Emmet Quinn remains president of the N.H.A. In fact, it is understood that it was because Patrick refused to deal with Quinn that the secretary of the association began enquiries.

George Kennedy, the Canadiens' manager allowed it to become known today that he is after every coast player who would be at all likely to accept a contract with an eastern club. He has in fact offered contracts totalling $10,000. Besides "Skinner" Poulin, formerly of the Canadiens, and Rochon, the big defense player on one of the Patrick clubs, he has made offers to Frank Neighbor, the Pembroke, Ont., graduate, whose playing was one of the features at the coast last year; Eddie Oatman, who is said to have already signed with the Portland team, and McDonald, a Patrick wing player.

"Skinner" Poulin and Rochon, I know, are anxious to come back east for hockey," Kennedy said. "Judging by the offers which have been made my players," he continued, "the salaries which are being paid at the coast are much lower than those in the east. The contracts which I have offered these players aggregate $10,000. Poulin's heart has always been in the east, and with the shorter season he is very likely to return. Rochon could not reach a salary settlement last season and was out of the game."

Kennedy laughed at the idea that any of the Canadien players who have been approached by President Patrick would accept the overtures. "Yesterday I signed up one of them for $500 less than he was offered to go to the coast. Pitre says he would play here for a few hundred dollars rather than go west. Laviolette didn't even reply to the offer." Both Laviolette and Pitre had received offers from the P.C.H.A.

J. SLAVIN WITH 66TH.

Jack Slavin, well-known some years ago as a heavyweight boxer of much prominence, is now physical director of the 66th Battalion, having been secured by Col. McKinery. Slavin was in the Yukon for some years, later conducted a boxing school in Edmonton, and was in Victoria when seized with the war fever. Jack is hale and hearty, with only a few gray hairs to tell his age. With the two Jacks—Buchanan and Slavin to look after its physical welfare, the 66th is indeed fortunate.

CANADIENS WANT WESTERN STARS

Geo. Kennedy Willing to Spend $10,000 in Raiding the Coast League

By Bulletin Leased Wire.

MONTREAL, Nov. 4—Offers to Pacific Coast League stars of salaries aggregating $10,000 was the reply today of George Kennedy, manager of the Canadien Hockey Club, to the wholesaid raid upon his team, which was undertaken by the Patricks as the first step in the hockey war. Every coast player who would be at all likely to accept was today wired an offer by the head of the local French-Canadien team, who is confident that at least three of the westerners are prepared to consider his proposals favorably. Kennedy says he is confident none of his players will go to the coast.

CHANCE FOR HAYWOOD.

By Bulletin Leased Wire.

MONTREAL, Nov. 4—The Montreal Star tonight prints an announcement that Arnold Ibbotson, the English billiard champion of Canada, is open to defend his title as such. Conditions of the championship game to be four thousand points up level, $250 a side stake. Match to be played on a standard table specially erected by Messrs. Thurstons, of London, England, who are the donors of the cup, which goes with the above-mentioned title. A challenge, through the Star, will be accepted from any part of Canada, up till November 10th, and the match is to be played on or before December 8th, 1915. Ibbotson is willing to give his share of the receipts to one of the Montreal war funds in the event of the match being arranged.

NICE OFFER FOR MONARCH STARS

Frank Patrick Makes Offer to Marples and Dick Irvin—To Join Seattle

By Bulletin Leased Wire.

WINNIPEG, Nov. 4—Pacific Coast hockey magnates have again cast their eyes on Winnipeg amateur players to fill out their teams in order to conduct their professional series. Dick Irvin and Stan Marples, star forwards of the Monarch Club, are the local boys to attract the attention of the Patrick Brothers. This pair received an offer from Frank Patrick yesterday, who wants them to line-up with the team that will represent Seattle during the coming winter. Neither Marples nor Irvin has much to say about their offer to join the professional ranks, and stated that they had not decided upon any plans for the ensuing season. Both boys were in attendance at last night's meeting of the Monarch club and took a warm interest in the various questions discussed.

MONTREAL SURE OF BLACK MATCH

Johnson-Langford Bout Will Be Held There, According to Hot Air Klegin

By Bulletin Leased Wire.

MONTREAL, Nov. 4—The prospects are the twenty-round Jack Johnson-Sam Langford boxing match will be held in Montreal or one of the suburbs near Montreal. The match may be put on under the auspices of the Montreal Sporting Club. Richard C. Klegin, the well-known promoter, has had several conferences with the directors of that body.

Mr. Klegin's plans yesterday were to leave for Boston tonight and have an interview with Joe Woodman, Langford's manager, after which he intended to leave for London to settle finally the overseas end of the match. But the advantages of Montreal have been so much impressed upon him since then that, after a final talk with certain people, he decided today to postpone his visit to England, and after a visit to New York, where he has been summoned by Tom Jones, Willard's manager, for a conference, to return here for further consideration on the spot of the possibilities of holding the contest in this neighborhood.

The question of a building was one of the principal questions discussed. Mr. Klegin says that if nothing better offers itself, the match would, if necessary, be postponed till such time as the climite would permit of the match being held in a gigantic canvas tent.

NEW RIVAL FOR FREDDIE WELSH

Joe Azevedo May Take Honors From Lightweight Champion Should They Meet

Milwaukee, Nov. 3—Joe Azevedo, the young Portuguese of California, is a greatly improved fighter over what he was nearly two years ago when he fought Charley White ten rounds at Racine.

Azevedo met Ritchie Mitchell, the Milwaukee lightweight in a 10-round no-decision contest in the commodious auditorium at Milwaukee the other night, and while he was shaded by the Cream City boy on points, he put up a remarkable good battle. The Californian carried the fight to Mitchell practically all the time, as that is his forte in the fighting game. However, by doing so, he played right into the hands of Mitchell, who countered in a masterful style. Mitchell's blocking also was of the highest order, and he demonstrated his ability to trot along with the best lightweights in the business. A little more experience in the ring should help Mitchell a great deal, and if he continues along the same lines there is no reason why he should not be battling with Charley White and Freddie Welsh, for the championship. He still is very young at the game, but has a remarkably good head and knows how to use it when hard pressed. He has a left hand that is just as fast as Johnny Kilban'e but it does not carry the wallop that Charlie White has in his left mauler.

Mitchell's one ambition now is to get a return match with Johnny Dundee, the Italian lightweight, who shaded him a couple of months ago. The Milwaukee boy feels confident that he can reverse this decision in a second meeting with the Italian. He also is anxious to try conclusions with Charley White of Chicago, but prefers to have a few more contests before tackling such a tough proposition.

Azevedo made many friends by his excellent showing, and his work, which has often been characterized as of the roughhouse order, was clean cut all the way through. He is only twenty years old, and should be able to improve in his boxing. In travelling over the marathon route the young Portuguese will give the best boys in the land a mighty hard battle.

Federal League Will Disolve Entirely on Tuesday Morning

National League Franchises in St. Louis, Chicago and Pittsburg Will be Purchased by Federal Magnates—If Sinclair Secures the Giants He Will Give Gilmore an Executive Position—The Wards Are to Drop Out of Baseball Entirely.

By Bulletin Leased Wire.

CHICAGO, Nov. 4—Today the Federal League exists in name only, and unless all signs fail next Tuesday will see the formal dissolution of one of the most remarkable organizations in the history of promoting, says the Examiner today.

Until every little detail of the various deals which have to be put through before the so-called "outlaw league" is officially dissolved, has been settled, however, fans can expect nothing but denials, quibbling and evasions. But not a wheel is being turned in the Federal League today, and the present expectation is that nothing remains but the completion of the innumerable transactions that will effectually windup James A. Gilmore's organization.

A Position For Gilmore.

An inkling of the true state of affairs came yesterday when it was discovered just how the various men influential in organizing the third league will be taken care of. Gilmore himself and the powerful Ward interests were not mentioned in previous reports of how the big interests would be looked after, but former dispatches said that Phil Ball, of St. Louis, Chas. Weeghinan, of Chicago, and Edward Gwinner, of Pittsburg, would be allowed to purchase the National League franchise in their respective cities. Harry Sinclair, of Newark, has been offered and is dickering for the Giants. Here's how Gilmore is to be accommodated, according to the tip yesterday: Sinclair, who has the highest regard for Gilmore's business ability, intends to give "Fighting Jim" an executive position with the New York Nationals when he acquires them.

Pat Powers Gets Job.

Pat Powers, of the Newark club, is slated for the business managership of the New Yorkers. In this way these two powerful interests will be cared for in a manner that will satisfy them, and also will not meet with the opposition of Ban Johnson, President Tener, of the National League, and other officials who are bitterly opposed to giving Gilmore a prominent place in the revamped baseball organization.

The Wards according to the same source of news, are to drop out of baseball entirely. Their magnificent plant, Washington Park, will be leased to some team yet to be decided on, while the huge sums spent by the Brooklyn backers will be charged up to "advertising and publicity."

'VARSITY VERSUS 63RD.

A slight change has been made in the personnel of the teams for Saturday's exhibition game of rugby at Diamond Park. 'Varsity II. will meet the strong football team from the 63rd Battalion, and Lieut. James of the latter organization, says he will have the same line-up that played 'Varsity seniors on Thanksgiving Day. The game starts at 3 p.m. sharp, and a small admission fee will be charged. The 'Varsity squad will hold a signal practice this afternoon at 4 o'clock, when all players are requested to be on hand.

HOCKEY WAR IS TAKEN AS JOKE

Eastern Sport Writers Say Coast League Will Have No Luck Raiding N. H. A.

By Bulletin Leased Wire.

MONTREAL, Nov. 4—A prominent sporting editor on one of the Montreal papers stated tonight that in his opinion "the much talked of hockey war has about petered out." When the season opens, he said, there will be few changes in the line-ups of the various clubs affiliated with either league. "It is an assured fact," he asserted, "that few, if any, of the eastern men who have received offers from the Patricks will make the trip this season."

The opinion in some branches of sporting life in the N.H.A. field is understood to be that if the Patricks want another agreement with the east they will not get such advantageous terms as were granted them in the cancelled understanding. The feeling is, for one thing, that there is no just reason why the Coast League, which is looked upon as a syndicate affair, should be permitted to dictate to the N.H.A., which is made up of clubs representing different interests as to who shall or shall not occupy the executive offices in the N.H.A. It is also felt that the situation greatly favors the east, because most of the players in the game today are from the east, and they demand greater recompense for giving their time to hockey at the coast.

E. A. C. BASEBALL DINNER.

Secretary Louis Sealer will tonight give a banquet to the members of the E.A.A.C. baseball team which captured the Intermediate championship of the city last summer. All members of the team are asked to be at the Jasper avenue quarters of the club at 9 p.m. sharp. In addition to the "big eats" there will be a musical program and three acts from Pantage will furnish selections.

Frank Patrick Signs Seven Men From One Club in the National

While Coast President Will Not Designate the Team it is Thought the Torontos Have Been Raided—Patrick Will Not Tamper With Wanderers and Has No Chance to Land Any of the Ottawas.

By Bulletin Leased Wire.

VANCOUVER, Nov. 4 — The National Hockey Association is minus the services of every regular member of one of their teams as a result of the "player war" that is being staged between the N.H.A. and the P.C.H.A.

President Patrick, of the Coast Association, who is now in Seattle, in a wire states that he has contracted for the service of seven regular playing members of one of the most prominent teams in the east. Patrick does not divulge the name of the team affected, but he stated emphatically that the east only possess five teams now instead of six.

Portland and Victoria are also negotiating for eastern players, and it is expeted sensational announcements will be made by Mr. Patrick when he arrives back in Vancouver.

Torontos Will Suffer.

While Patrick would not state which team in the N.H.A. was affected by the raid, when interviewed today it is generally understood that Torontos will suffer most, according to men usually well-informed in hockey circles. Holmes, Foyston, and at least two more prominent Queen City hockey players received offers from the coast officials last week and easteners' despatches state that the men were seriously considering jumping to the east.

Wanderers are immune from the raid, according to an official announcement from headquarters, while Patrick admits that he would not take Lalonde under any consideration. This eliminates Canadiens and Sam Lichtenhein's team and leaves Toronto, Ottawa, Shamrocks and Quebec.

The majority of the Ottawa players hold government positions, while the Shamrocks have not enough players of major league calibre to satisfy the Western League.

Quebec stars would be acceptable to the P.C.H.A., but it is not definitely known just how many of them have been offered positions with the coast league.

[illegible] at Kennedy.

REGINA, Nov. 4 — The statement from George Kennedy, the Canadian hockey club manager, of Montreal, that George Rochon could not reach a salary settlement last season and was out of the game, is considered somewhat of a huge joke by Rochon's numerous friends in Regina. Rochon did not play last season, nor the season before, simply because he was laid up with a sore knee cap, and he has been limping around ever since, with no chance whatever of playing pro, or any other kind of hockey again. He first injured his knee when playing baseball at Swift Current and had it cracked by a stick at Sahrieber when playing defence for the North Stars at Fort William. He has been to several specialists in Canada and the United States, and while the knee has improved considerably, the former New Westminster player has been advised to keep out of the game. Rochon is at present in Winnipeg.

CHIFEDS OWNERS HAD MEETING WITH GARRY HERRMANN

By Bulletin Leased Wire.

CHICAGO, Nov. 4 — President Weeghman, of the Chicago Federals, on his return from Cincinnati today, declined to give out further information concerning his meeting with August Herrmann, chairman of the National Commission.

He admitted that he and Harry Sinclair, of the Newark Club, and Wm. H. Walker, of Chicago had discussed baseball affairs with Mr. Herrmann, but said nothing would be announced regarding the reported negotiations involving the purchase of National League clubs by Federal League magnates until some transaction was definitely arranged.

SKINNER POULIN LOYAL TO COAST

Turns Down Contract Offered by Montreal Canadiens—Salary Was Tempting

By Bulletin Leased Wire.

CALGARY, Nov. 4—The effect of the hockey war has been felt in Calgary. This time it is a case of attempted retaliation on the part of the National Hockey Association, or rather one of the promoters. George Kennedy has wired here that he is prepared to pay Skinner Poulin a handsome salary for the coming season if he will become a member of Kennedy's Canadien team at Montreal.

Mr. Poulin was notified of the telegram, but declined to make an answer. Undoubtedly the price named looks good, but he contented himself with remarking: "The Patricks have been very fair to me, and I will not make any answer until I have communicated with them." Mr. and Mrs. Poulin are visiting relatives in this city.

POSTAL CLERKS' SMOKER.

The Postal Clerks' Association, Edmonton branch, held a most enjoyable "smoker" last evening in the Alexandra Block. The chair was ably filled by H. D. Talbot, president of the branch. A first class entertainment was provided, and for two hours the company were royally entertained by talented artistes, drawn principally from the local post office. Every item on the well-filled program was fully encored.

The following rendered enjoyable selections: E. H. Coussens, piano (accompanist); Mortimer Johnson, violin selection; J. A. K. Turner, banjo; S. H. Surtees, E. H. Mitchell, C. Schroeter, J. A. K. Turner, A. McCluckey, songs; J. Kennedy, F. W. Phelan, recitations. The singing of the National Anthem brought this good time to an end.

ARMORY SUB-CONTRACT CASE.

The $488.40 profit in the $1,135.85 sub-contract of roofing the Edmonton Armory was divided in the District Court yesterday afternoon by Judge Crawford, who gave judgment in favor of Levallee for $388.40 and costs, which leaves $100, less the costs, as the share which the Freeze Sheet Metals are allowed to keep as their share of the profits on this portion of the sub-contract which they sub-let to the Levallee Co.

The total cost of the material for felt, asphalt, gravel and labor of this Levallee sub-contract, according to the bills produced in court was $1,135.85 and a profit of $488.40 was counted above the cost. This sub-contract was part of a $5,000 sub-contract which the Freeze Sheet Metals Co. had from the Peter Lyall Co., who had the contract from the Dominion government for the construction of the whole building.

In giving judgment, Judge Crawford stated he considered that Freeze was quite willing to furnish the gravel and procure the man to make it possible for him to settle up his own $5,000 sub-contract.

ENTIRE STUDENT BODY EMMANUEL COLLEGE ENLISTS

Word was received in the city yesterday by a graduate of the college that the entire student body of Emmanuel College, Saskatoon, has enlisted in the new battalion of Highlanders being raised at that city for services in Europe. Emmanuel College is the Anglican Church institution affiliated with the University of Saskatchewan. The remarkable response by the divinity students, numbering in all over 50, is due to the recent appeal for more men issued by the King, and the determination to assist in revenging the foul murder of the British nurse, Miss Cavell. Already 14 members of the college are at the front, besides the three sons of the head of th college, Principal Lloyd.

EXECUTIVE OF THE ALBERTA L. I. D. MEETS MINISTERS

The executive of the Alberta Local Improvement Districts' Association, consisting of H. Greenfield, Westlock, president; J. H. Lamb, Youngstown, vice-president; Jas. McNichol, Blackfalds; H. W. Bright, Macleod, and W. F. Code, Red Deer, conferred yesterday with Hon. Chas Stewart, minister of public works, his deputy, L. C. Charlesworth, and John Robertson, engineer in charge of highways. A co-operative scheme for road construction and maintenance as between the department of public works and the municipalities was under discussion. Later the executive met Hon. Wilfrid Gariepy, minister of municipalities and his deputy, John Perrie, when the resolutions passed at the last convention of the association in Calgary in February last were presented. The minister entertained the executive to luncheon at the Macdonald. Hon. C. R. Mitchell, provincial treasurer, also was present at this pleasant affair.

The next convention of the association will be held in Edmonton the third week in February, 1916.

FRONTIERSMEN HAVE AMBULANCE CLASS

Dr. E. Lloyd Garner began a St. John Ambulance class in connection with the Legion of Frontiersmen at the Y.M.C.A. building last night, and although the attendance was not so large as might have been expected, yet those present were put through a lot of preliminary work in the useful art of bandaging and first aid.

A general invitation was extended to other organizations to attend the weekly lectures which will be given by Dr. Garner each Thursday evening, and the officers of the Legion will be glad to include intending members in the manoeuvres on Sunday next, when they will co-operate with the 19th Alberta Dragoons, leaving the Armoury at 9:30 a.m.

In order to conclude preparations for this unique military outing, all those interested are requested to be present tonight (Friday) at the regular drill, when full particulars will be given out.

The Cyclist Corps, in course of formation, will be welcomed, and are invited to take part in the manoeuvres.

Fashion Almost Demands That Your New Winter Coat Be of "Baby Lamb"

SOUNDS almost extravagant, doesn't it? And it really is in appearance, but not so in price. These are the Coats you see spoken of and illustrated so much in all the leading fashion journals. And for which the demand has almost already exceeded the supply in large fashion centres. They are exceedingly rich and dressy in appearance and possess excellent style features in the designing.

They are of "Salt's Fur-tex," a fur fabric in imitation of black "baby lamb," designed in the comfortable loose modes, hanging straight from the shoulders and flaring well at the bottom; belted in across the back with loose half belt of self, trimmed on each side with crochet buttons, a deep collar fastening up as close to the throat as desired, sleeves finished with a neat cuff; well lined throughout with best quality of satin with an interlining, making it very cosy. All sizes. Special Purchase Price $19.95

Stylish New Corduroy Velvet Coats Specially Priced $25.00

THIS is another lot of Coats that have been greatly admired by all who have seen them. They are in the very latest New York styles and are handsomely tailored and finished throughout.

They are of beautiful lustrous Corduroy Velvets in wide and extra wide cord or Wales, and in shades of French Blue, Russian Green, and Nut Brown, lined throughout with satin, featured with the new convertible collar, deep cuffs and wide loose belt across the front and held flat in the back by the belt and buttons on each side.
Specially Priced $25.00

We Have House and Cosy Slippers Galore!—Something to Please Every Woman's Fancy!

OUR slipper stock is so wonderfully varied in style and prices this season that it is next to impossible to convey to a reader's mind a true conception of its completeness! Suffice to say, there are styles to please every woman's fancy and price idea. Three good representative values are as follows:

Women's Juliette Slippers at $1.15

These are pronounced by all who have seen them to be the best value in the city for the money. Made of a good quality slipper felt in red, brown and black, with flexible leather soles and low heels, high front and back trimmed with fur and bow and buckle on front. All sizes.
Special Value $1.15

Women's Velvet Slippers at $1.25

Another excellent value that is moving out in lively order. They are of good quality velvet in brown, black or red; in one strap style, trimmed with a rosette on front; with flexible leather soles and Cuban heels. Nicely lined and finished. A very serviceable and comfortable house slipper. All sizes, 2½ to 7.
Special Value $1.25

Women's "Kosy" Slippers at 85c

An ideal bedroom slipper, made of good quality slipper felt in black, blue, red, brown, green or grey, trimmed around top with ribbon and pom-pom on front; have cushion insole and heel with outer sole of chrome tan leather. Would make a very acceptable Xmas gift.
All sizes, 2½ to 8. Special Value 85c

MARES—MARES—MARES AT MIDway Horse Exchange, 253 Fraser Ave. Two carloads of young, blockily built, well broke mares. These are without exception the grandest lot of young Clyde mares that has been offered for sale in Edmonton this year at prices to suit the times. We sell for cash and buy for cash, and can give you more quality for the money than any other stable in the city. Two weeks' free trial allowed on all horses purchased from us, and if not as represented upon your bill of sale we will refund the money. We are reliable. Midway Horse Exchange, 253 Fraser Ave. M265-267P

HORSES AND CATTLE
(Continued)

3,000 LB. MARES—MARES, 3,000 LBS.—Cross-mated team dark dappled gray and coal black mare, 5 and 6 years old, a team that fills the eye full every time you look at them; a team that is hard to duplicate; a team that a man takes pride in driving. Thoroughly broke. The best pullers on earth, easy keepers, sound as a new minted dollar; both are built alike with grand conformation and the best disposition on earth and can pull 6 ton together and are free from tricks and vices in or out of stable. Price $400, allowing two weeks' free trial. 253 Fraser Ave. M265-267P

MARE — MARES — MARES — TEAM. Five and 6 years old, pure bred, registered Clyde mares, perfectly sound, kind and true in all harness; weight, 3,200 lbs. These teams have been bred to an imported horse and fully paid up, and I think that they are one of the best teams of mares that ever came into the city. They are fast walkers, true pullers, kind and reliable in any spot or place and under any circumstances. Will be sold subject to vet. examination. Midway Horse Exchange, 253 Fraser Ave. M265-267P

MARES — MARES — MARES — 2,800 LB. teams of young, cleanly made, round turned, chunkily built Clyde mares. In offering this team for sale too much cannot be said about them, as they are both 6 years old, both been bred and fully paired up, both are very shapely built, with the very best of sound feet and legs; they are that short coupled kind that are easy keepers and wear a man a lifetime. Midway Horse Exchange, 253 Fraser Ave. M265-267P

REMEMBER — HONEST AND FAIR dealing to one and all at Midway Horse Exchange. We respectfully solicit your patronage at Midway Horse Exchange, headquarters for the best young, well broken mares in the city. For sale, and I think you will agree with me that if you call this coming week that I have 40 head of the best mares for sale that stand in any one warm stable in the city. Remember the place, 253 Fraser Ave. M265-267P

50 HEAD TO CHOOSE FROM, MOSTLY Clyde mares with papers that all are well broke and clever, at your own price. We do not handle anything but gentle, broke horses, and can sell you carload lots or pairs, as you wish, at the right prices, and our guarantee goes with all our stock. If not as represented, money refunded. Midway Horse Exchange, Pioneer Dealers, 25 years in business. Please give us a call. 253 Fraser Ave. M265-267P

MARES — MARES — MARES — TEAM Clyde mares, both 4 years old, weight 2,600 lbs., very closely mated, both have been bred and are well broken and clean. Took first prize at the horse show and are as fine a team of young mares as you will find in a day's travel. Price $375, allowing two weeks' free trial. 253 Fraser Ave. M265-267P

2,800 LB. MATCHED DARK DAPPLED grey mare and gelding, 5 and 6 years old. Without exception the handsomest and best broke team that stands in this city; true and reliable in all places and will be so warranted. Midway Horse Exchange, 253 Fraser Ave. M265-267P

A PAIN IN THE BACK
COMES FROM THE KIDNEYS.

When a pain asserts itself in the back you may rest assured that it comes from some derangement of the kidneys, for were there not something wrong with the kidneys the back would be strong and well, and would be without a pain or an ache.

For backache, lame or weak back, there is no remedy to equal Doan's Kidney Pills.

They take out the stitches, twitches, and twinges, limber up the stiff back, and give perfect relief and comfort to all poor, suffering women who suffer so much from a weak, lame, aching back.

Miss Iva A. Ferris, Mill Cove, N.B., writes: "I suffered for two years from pains in my back. I tried several kinds of patent medicines, and was almost discouraged until I noticed your advertisement of Doan's Kidney Pills. I thought it would not hurt to try them. I had only used two boxes before I noticed a great difference, and after I had taken four boxes I was completely cured. I would not be without them in the house. I can recommend them to all I know."

Doan's Kidney Pills are 50c per box, 3 boxes for $1.25; at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont

When ordering direct specify "Doan's."

Around the City

(From Evening Edition).

The E., D. and B.C. train for the north leaves this week on Friday morning, for the last time under the present schedule. Next week the train will leave on Monday and Thursday evenings, and thereafter until further notice.

C.N.R. Rate West—A standard passenger tariff of three cents per mile on the C.N.R. main line from Edmonton to Tollerton, and from Tollerton to Vancouver of four cents per mile, has been approved by the Dominion railway commission, according to a notice in the current issue of the Canada Gazette.

He May Recover.—Nempo Cnum, the Russian who was the victim of the shooting affray on Kinistino avenue on Tuesday night, is reported to be in much the same condition, at the Royal Alexandra Hospital. He passed a good night last night, however, and hopes are entertained that he will recover.

News Letter from Edson—The Bulletin is in receipt of an interesting news letter from Edson, dealing chiefly with certain political and other activities preceding and following a change of postmasters, in which a convicted bootlegger figured more prominently than creditably. There is probably no good object to be served by accentuating a local irritation such as the correspondent mentions.

Hon. Wilfrid Gariepy, minister of municipalities, received word this morning of the death of his grandfather at St. Lin, Quebec, who passed away during the night. Mr. J. H. Gariepy, of this city, a son, left with Mrs. Gariepy for the east a few days ago, when the news of his father's illness was received and reached there before his father's death. The deceased was 86 years of age. St. Lin is the birthplace of Sir Wilfrid Laurier, who was a school-fellow of the late Mr. Gariepy.

Dunvegan Sleeping Car Rates—The E., D. and B.C. standard sleeping and parlor car tariff has been approved by the Dominion railway commission, notice being published in the current issue of the Canada Gazette. Lower berths are eight mills per mile, with a minimum charge of $1.50. Upper berths are 80 per cent. of the lower fare, with a minimum of $1.25. The charge for drawing room is three and one-half times the fare for lower berth, with a minimum of six dollars. Parlor car seats are two-thirds of a cent per mile.

COMMITTED FOR TRIAL

Friedrich Wagner, a German farmer, living at Spruce Grove, was yesterday committed for trial on a charge of sending $100 to or for the enemy, contrary to a proclamation relating to trading with the enemy. The letter was sent to Leo Hans, of New York, last November, but was later returned to the postmaster at Spruce Grove by the post office authorties, ordering him to refund the money to Wagner. Hans was suspected by the authorities at Ottawa, and they opened the letter, which stipulated that the money was for the German Red Cross Fund.

DESERTER IN TROUBLE.

C. F. Pomahac, since deserting from one of the local battalions, about a month ago, has got himself into a peck of trouble. The first charge that was preferred against him was on August 25, at Stony Plain, when he was found guilty of cruelty to animals and sentenced to two months' imprisonment. While waiting to be taken to Wabamun on another charge Pomahac escaped from custody and was recaptured by Corporal Warrior, of the Mounted Police. He was again taken to Stony Plain and this time he was committed for trial. On a charge of theft of a shotgun and a pair of moccasins he was sentenced to 20 days' imprisonment. He was then taken to Wabamun and committed for trial on a charge of stealing a team of horses and a buggy from H. White. He is also wanted by the city police for the theft of two bicycles. After the police settle with him he must face his commanding officer. Desertion is a serious crime.

MADE MEDICAL INSPECTION.

Dr. A. E. Clendenan, medical inspector of Dominion public works for Western Canada, returned this morning from the north, where he inspected the medical service in connection with the Central Canada and Grande Prairie branch railways.

"The country between Peace River Crossing and Dunvegan," he said, "looks good to me. It is not in quite such a finished condition as Grande Prairie, but it is being developed wonderfully. The Grande Prairie district also shows a surprising state of advancement. Splendid crops seem to be the rule this year. I met one farmer who had an average of fifty bushels of wheat per acre, and this was not an isolated instance, either."

Dr. Clendenan stated that the boats on the Peace river have been laid up for the winter. The northern roads, he added, are not very good at the present time, there having been one or two light snowstorms.

Y.M.C.A. BOYS' CAMPAIGN.

Now that the senior department has concluded its auto membership race, the boys are going to show their ability along the same line. The boys' membership hustle will not be quite the same as the men's, in that their's is to be in accordance with the prevailing times, and are going to "recruit" members. The plan is this. It is assumed that orders have been issued for the recruiting of two battalions. These battalions will be called the Reds' and the Blues' battalion. A captain for each battalion will be chosen on Thursday evening (tonight) and also several lieutenants. All other members of the boys' division will be divided up between the two battalions. Red and blue buttons will be given to each member, who are the recruiting sergeants. Points will be awarded for each member brought in, and also for each quarter of a dollar which is paid on the initial payment. To show how fast one can count up, take a new member who joins, pays five dollars. For this membership ten points is given, then for every 25 cents paid one point is given, which, in this case, would be 20 points, making in all a total of 30 points for this battalion.

IN THE POLICE COURT.

At the police court this morning Mrs. May Reid pleaded with the magistrate to be let off, saying that she had been to jail for thirty days and it had done her so good was given three months by his worship for being a street walker and a vagrant. The International Harvester Co. were charged with a breach of the Motor Vehicle Act, but there was no evidence to show that they had contravened the act, and the charge was withdrawn. The case against J. K. Cornwall, charged with assault, was adjourned for another week.

WHERE IS WALDO BROWNING?

The Mounted Police hav received an inquiry from Mrs. G. I. Phifer, Deer River, Minnesota, concerning her brother, Waldo Browning, who had been in the Edmonton district for some time, but had spoken of going to the Peace River country to take up a homestead. He is described as being 5 feet 2 inches tall, weighs between 135-140 lbs., is very thin and has dark hair and eyes. Any person knowing the whereabouts of this man, are asked to communicate either with the Bulletin or the Mounted Police, Edmonton.

SEEKS $2,000 DAMAGES.

At the supreme civil court, before Mr. Justice Hyndman, a civil action for $2,000 damages is being tried, the case arising out of a former criminal charge against the plaintiff, Alexander Shandro, of the village of Shandro. The defendant in the present action is Nicoli Moisey.

At this morning's hearing the plaintiff and George Woolley, justice of the peace, gave evidence. The plaintiff stated that on May 4 last the defendant maliciously laid an information against him before the justice of the peace, charging the plaintiff with forgery, and he was summoned to appear before the justice of the peace on May 17 for a preliminary hearing. The plaintiff also stated that evidence was given at the preliminary hearing by the defendant, as a result of which he was committed for trial. Plaintiff said that he appeared at Edmonton before Judge Taylor on August 4, to answer to the charge that had been laid against him by the defendant, but the defendant did not appear at the trial, and no evidence was given to support the charge, and that a nolle prosequi was determined, and he was discharged. He is claiming $2,000 damages for injury to his credit, and because he was held in prison, while bail was being arranged, with costs of the action.

TORONTO LIVE STOCK

By Bulletin Leased Wire.

TORONTO, Nov. 4.—Trade was quiet today. Some of the best quality heavy cattle in the country will be offering tomorrow. A good proportion of today's receipts consisted of choice heavy cattle of the export and best choice butcher class, and these are being held over for Friday's heavy cattle market. There was a fairly active demand for all grades of butcher cattle today, some of the choicest medium weight selling up to 7.60. Canners and cutters are also firmer. Demand for milch cows and forward springers good. Stockers and choice feeders active, and 15 to 25 cents higher for the week. Lambs strong, sheep steady and hogs steady.

WAINWRIGHT IS DOING ITS SHARE

Citizens Urged to Help the Empire With Brawn or With Money.

Bulletin Special.

Wainwright, Nov. 1.—On Sunday last, in all the churches in the town of Wainwright, the ministers urged upon their congregations the claims of the Patriotic Association. In the Anglican Church, the pastor, Rev. H. Assiter, took for his text: "Bear ye one another's burdens, and so fulfill the law of Christ." In the course of his sermon, which was delivered with great earnestness, Rev. Assiter said:

"What a different world this would be if we all tried to fulfill the law of Christ—if we all transferred our membership from the 'Help myself society' to that of the 'Help one another society.'" He held up Jesus Christ as the great example of self-sacrifice for the sake of others. The Saviour came voluntarily under the burden of man's miseries and taught the world the new doctrine of brotherly love, for this beautiful altruistic law is a world law and not alone for the Christian church.

Not Observed Amongst Nations.

That it is not observed amongst the nations, the present terrible conflict in Europe witnesses. For Germany has trodden it under foot, instead of bearing the burdens of its weaker brethren; it has heaped upon little Belgium a load which has crushed it to the ground. And our own nation and Empire, infused with the spirit of the Good Samaritan, and inspired by the spirit and teaching of Christ, has come forward to the help of the weaker, determined to bear its burden and so fulfill the law of Christ. And we in Canada are called upon to take our share—and take it we will! We have accepted the situation and are determined to see it through. We have counted the cost and are prepared to pay. When Belgium cried out in her distress to the Britons who had clasped her hand in friendship, she was assured that this expression of brotherhood was not a "mere scrap of paper." And from the far-flung borders of this vast Empire, the sons, aye, the daughters too, cried out in the passion of their patriotism, "Here am I, send me." And dotted over the great battlefields of Europe are to be seen little crosses bearing simple inscriptions to the memory of those who went forth to bear one another's burdens. And one of the latest additions bears the name of Edith Cavell. She hath done what she could.

The Sacrifice of Self.

There is surely a voice within every soul of us at this moment calling for sacrifice of self for the sake of others; the sake of prostrate Belgium; of the land we love and of our own flesh and blood; the sake of right, truth and justice. It appeals to our spirit of loyalty and brotherhood. The call is imperative, urgent; the call is divine. If we are able to take up the sword and go into the conflict, it is our duty and our privilege to go. If from some legitimate cause we are detained at home, still we may share in the work of our brothers; the work of bearing the burdens of others. The noble work of the Patriotic Association appeals to every man, woman and child.

Duty of Government.

It is the duty of the Canadian government to arm, train, equip and maintain the expeditionary forces which the people of Canada voluntarily offered in defense of the Empire. But the task of providing for the families of the men who have gone to the front has been partly assumed by a generous public, on the ground that he who cannot fight should pay. For the separation allowance granted by the government is not sufficient to support the family, even on the most economical scale. Hence, the Patriotic Fund was started with the idea of bringing up the income of the dependents of the volunteers to a standard in which they shall be freed from the grim spectre of want. We owe it to our country and to the Empire, of which we are a part, either to go ourselves, or to make it possible for others to do so in this supreme struggle. The Mother Country has for years practically borne the burden of our protection alone. In this hour of trial we desire Great Britain to realise that every Canadian is supporting and upholding her cause. If we cannot go ourselves we can help to make it possible for others to go, by guaranteeing that their families will be provided for in their absence.

The Sacrifice Supreme.

"Those who have gone are making greater sacrifices than anything we can do at home. When the war is over, what answer will we make to the question: 'How did you help?'

"An unparralleled crisis in the world's history calls for supreme sacrifice on the part of everyone of us. We must do our duty, which may be summed up in these words: 'Fight or pay!' Let there be no shirkers; let there be no niggards; but, as true patriots and sincere followers of Christ, 'Bear one another's burdens, and so fulfill the law of Christ.'"

WESTMAN MAKES DIRECT CHARGES AGAINST HUGHES

Calls on the Government to Order Investigation of Remount Frauds

SIR SAM RESPONSIBLE FOR THE FRAUDS, HE SAYS

Minister of Militia Will Allow Inquiry But Not at Regina

Regina, Nov. 4.—"It is up to the government," J. A. Westman, Conservative candidate here, so summarized his reply, when shown Sir Sam Hughes' interview in yesterday's papers.

"Inasmuch as Sir Sam Hughes evades the issue on every charge I have made, makes lying statements about myself and refuses to substantiate them, I want to put it squarely up to the government to give me an opportunity to substantiate my charges. If I fail I shall be only too happy to resign my candidature and retire from political life, after apologizing to Sir Sam.

"Things have reached a point where the people must be thoroughly sick of this controversy and where the government must be losing respect by permitting one of its ministers to rest under the charges I have made, without either forcing me to substantiate or retract them, and with me still representing the government in this important constituency as the Conservative candidate."

Makes Direct Charge.

"From the tone of Sir Sam Hughes' statement yesterday, it appears that he would be very happy to let the matter drop with a few generalities. I am not content to do so by any means. I want to make the definite charge that Sam Hughes and the officers whom he backed are entirely responsible for the frauds and attempted frauds disclosed before the Davidson commission here, and that his later actions have been dictated by his desire to cover up the inefficiency of which Colonel McRae and his officers were guilty. I further charge that Sam Hughes knew in March, as he knows now, that Colonel McRae and his officers were responsible for these frauds, and that he prevented any investigation which would definitely place this responsibility by the crooked expedient of investigating minor wrong-doing. He simply whitewashed McRae and his officers. Sam Hughes allowed and encouraged McRae to start an investigation of his own, which naturally was the kind of investigation that McRae desired and nothing more. But Sam Hughes never did, for reasons of his own, make any investigation into the methods of Colonel McRae and his crooked officials.

Some Matters to Be Cleared Up.

"Sam Hughes is in the position of backing up McRae, when the latter gave Mitchell three months to make his 'get-away' after he had confessed his guilt in the hay frauds. Why Mitchell was allowed to escape is one matter I would like cleared up. Why McRae was allowed to supervise all the investigation that was made here is another. Why the remount department at Brandon paid a cheque for three thousand dollars to Mitchell on April 15, in the face of orders not to pay out any money to him, is another. Why was Mitchell allowed by McRae to sell hay to the department at all when the tender had been awarded to another man?

"There are other matters I want cleared up, too, but I will not enumerate them until I can furnish definite proofs, as I can of all the foregoing charges.

"It is up to the government now."

Inquiry Not at Regina.

Ottawa, Nov. 4.—Sir Sam Hughes, when seen this morning in regard to the suggestion of J. A. Westman, Conservative candidate at Regina, that the merits of the controversy between them should be submitted to the cabinet, said:

"I have written to Sir Charles Davidson and have enclosed a copy of the interview attributed to Mr. Westman, together with other letters and statements, and have asked him to institute an inquiry."

Doubtless Sir Charles Davidson, whose commission has been investigating the matters, will accede to the request made by the ministerof militia. The evidence will, in all probability, be taken in Ottawa, the commission having concluded its other work in the west.

BRITISH STEAMER SUNK.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You need's coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. KING PETER OF SERBIA GOES TO FRONT HIMSELF

Though 71 Years of Age He Has Gone to Fight Beside His Soldiers.

HAS SWORN TO DIE IF COUNTRY IS CONQUERED

On Former Occasion King Went Among His Troops and Cheered Them.

Amsterdam, via London, Nov. 4.—An official Bulgarian statement, received here today from Sofia, says King Peter of Serbia has gone to the front to encourage his soldiers and take them the news that French and British soldiers are hastening to their assistance.

King Peter, one of the most picturesque figures of the war, has again gone to the front, as he did last year, in the hour of his country's supreme need. The venerable ruler—he is 71 years old—has been at Topola, the cradle of the Karageorgevitch dynasty, ill and weak, and, according to last accounts, was waiting to retire with the rear-guard of his troops, menaced on three sides by the invading armies.

On the former occasion, King Peter was credited with having saved the day for Serbia. Late last year, when his army was being hard pressed by the Austrians, the king, suffering from rheumatism contracted in the Franco-Prussian war, went to the front and, mounting a horse, rode slowly through the Serbian lines, telling his soldiers their old king had come to die with them. His actions inspired his troops, who expelled the Austrian troops from Serbia.

"I am but a feeble old man," the king was quoted as having said, last month, "but I swear to you if a new invasion shall bring upon us the shame of being conquered I shall not survive the ruin, but I, too, shall die with the country."

TAXING THEATRE TICKETS.

London, Nov. 4.—The Petrograd correspondent of the Mail says Russia has imposed a war tax of from 5 to 50 cents on every theatre ticket.

THREE COLONELS GUESTS OF HONOR

Military Day at Industrial Association Luncheon at Noon Today

Yesterday was military day at the Industrial Association's luncheon at the King Edward Hotel at noon. Everything was of a military flavor, the principal speakers being the three colonels of the local battalions—the 51st, the 63rd and the 66th.

On behalf of the city, Mayor Henry extended a welcome to the returned soldiers. He felt that while it had been necessary in the interests of their training that the Edmonton battalions be taken to Sarcee camp, it was as great a pleasure to have them back here for winter. There could be no doubt, the Mayor said, that the majority of the men in the different regiments would sooner have gone to Flanders than return to Edmonton, but when they were not leaving Canada he knew of no place where they would be better pleased to spend the winter than in Edmonton.

Colonel Harwood, of the 51st.

Colonel Harwood, of the 51st Battalion, expressed, on behalf of the officers and men of his battalion, their pleasure at being returned to Edmonton for the winter. They would have preferred to be sent to the front, but such a move had not yet been authorized by the military authorities. Unfortunately, during their stay at Sarcee there had been much bad weather. They had no control over the weather, but the fact that there had been comparatively no sickness at Sarcee, despite the fact that they had midnight marches, route marches, and other military manoeuvres, was an indication that the men had come through the training which had been given there in the very best of condition.

Colonel McLeod, of the 63rd.

Colonel McLeod, of the 63rd, expressed his thanks on behalf of the men of his battalion for the kindly reception they had received on their return to Edmonton. The boys who had gone to Calgary had returned to the city in the best of condition, after their training in larger military tactics at the Sarcee camp. The result was that they had proved to be of the right kind of stuff. They wished to take part in the larger things of the war, and when the time came they would give a good account of themselves. There were reports that the men had not been as judicious as they might have been, but it was a mistaken idea of hospitality on the part of civilians that was to a considerable degree the cause of the trouble.

During their stay in Sarcee the weather conditions had been bad, but during the past six weeks good results had been the outcome of the military tactics at Sarcee, and when the time came the boys would make a good showing in the fighting line.

Colonel McKinery, of the 66th.

The Edmonton battalions would hold their own with any of the Dominion, was the opinion of Colonel McKinery, of the 66th, an opinion based on an experience of over 20 years in the militia. The colonel felt that not a city in the Dominion could make as good a showing as Edmonton in the matter of recruiting, and the three regiments which were now in Edmonton went to show that by no means did all the good men go with the battalions already at the front. They had in the regiments now in the city the best of men—men above the average standard, and men who had proven during their stay in Sarcee camp that they were capable of doing splendid work in all lines of military activity, as was evidenced by the fact that in the trench-digging experience they had done better work than if they had been paid for it.

An excellent solo was rendered by Private Glover, of the 63rd, accompanied by Herbert Wild.

The luncheon next week will be held at the Macdonald Hotel, when an address will be delivered by His Honor, Lieutenant-Governor Brett

Describes Two Bombardments Lasting Three Hours and a Half

Hugh Carter, Son of W. J. Carter, of This City, Tells of Fierce Artillery Fire in "Bluff" Attack on Germany—Many of His Pals Buried Under Tons of Earth

Hugh Carter, a member of a machine gun section of the 31st battalion of Calgary, in a letter from Flanders, dated Oct. 11, to his father, W. J. Carter, of this city, describes two bombardments which occurred during the counter attacks the Germans following the British offensive of September 25th

"I have come through two bombardments. The first one a week ago and the second one yesterday, which was by far the severest. There is only one way to describe it "It is hell." Our battalion was in the front trenches, and we had our gun at the 70 yards line. They took all the battalion to the reserve trenches except a few men on guard and also we remained behind with our guns. Then our artillery let loose, and you never saw shooting like it. They were shooting in some cases from a mile in the rear, and there must have been about twelve batteries let loose, and they sure put them over. The shells were just buzzing over our heads, and exploding in the German trenches and we sure made a mess of them.

Like Line of Volcanoes.

"I was watching it from a lookout post at the start, and it was just like a line of volcanoes bursting. Our artillery kept this up for two hours solid, and as well blew their wire entanglements all to bits Then, having broken a lot of their front parapet down, we threw out smoke bombs all along the line. The wind carried this smoke over their front, and we let loose with our trench machine guns and trench mortars, also the battalion had returned by this time, and they gave them rapid fire over the parapet. I think we made their trenches the most unhealthy place imaginable for another hour. They could not very well return the fire. On account of the smoke they could not see us. This was all very nice for us—this was our party. We had no sooner finished than their artillery started in on us, and I hate to think of it, for about another hour and a half we got hell from every direction, shells bursting all around, and you never knew but the next would get you.

Stick and Trust to Luck.

"The only thing to do was stay in your dugouts and trust to luck. They sure came back at us with our own medicine, and our battalion has quite a casualty list this morning. Poor devils, some of them buried with tons of dirt on top of them. The worst part of these bombardments is that you have to sit like a sheep and trust to luck. I would much sooner get out and go to it with a bayonet. You then have some idea of what is coming, but this other you are perfectly helpless, for although a dugout is proof against falling schrapnel and ordinary bullets, when a shell hits it it goes to pieces like so much paper. From our dugout alone I saw at least fifty shells burst within fifty yards, some small ones were as close as ten yards.

Only Bluff Attack.

"We learned this morning that ours was only a bluff attack, and that on either flank we had won considerable ground. It was surely a wonderful sight, but when you see boys you have known for nearly a year going up in smoke it takes away any charm there might be to it, and we are a pretty quiet crew today, although our M.G.S. outfit came through without a scratch. We are in small bunches at each gun, and well distributed along the line. However, our gun was at one end and one of our other guns at the other end of the company that lost most of the men. Perhaps I had better not say too much, they may get us next time.

Men Behaved Well.

"It is certainly a lot worse than any of us ever though of, but the men behaved remarkably, and I think we are equal of any bunch of Germans they care to put us up against. I hope I have the luck to come through, for I will have a lot to tell you of when I get home. A funny thing—I had a letter from Bob asking me how it was that when the trenches were so close together that one or the other did not blow the other to Hades. The night I got his letter the Germans put off a mine that blew a hole 150x30 feet; I thought at the time if Bob were here he would have thought we were all going to that historic place. At the 25 yards place here they call it "Hell's Corner." This is where most of the mining operations take place, and it is the hang out of bomb and grenade throwers. It is well named. We are almost a hundred yards from it.

"Today there is a general quietness on both sides, and but for an occasional rifle "shot from a sniper, you would not think there was anyone opposite, and we are all getting our nerves down to normal again. I have been in eighteen days now, and think I am worth a few dead men yet.

"There is not much news in here but I think from what I hear that we are doing pretty well along this line, and hope the good work keeps up."

WHAT PETROGRAD THINKS OF ALL THIS PEACE TALK

Petrograd, Nov. 4.—The view in responsible circles here, regarding peace talk is that it is the purpose of the allies to inflict on Germany a blow which will weaken her sufficiently to guarantee Europe a long period of peace. For this it is not sufficient to chase the Germans from the country they have invaded. A crushing blow must be inflicted upon them within their own territory. Only then could negotiations for peace begin.

1,000,000 GERMAN TRADES UNION MEMBERS IN ARMY

Berlin, Nov. 4, by wireless to Sayville.—The Socialist monthly publishes statistics showing that on July 31 more than 1,000,000 members of German trades unions, or about 42 per cent. of the total membership, were in the army.

THINKS GERMANS IN AMERICA MAY START TROUBLE

Neue Nachrichten, of Leipsic, Says German-Americans May Cause Civil War.

BITTERLY DENOUNCE U.S. SYMPATHY FOR ENGLAND

Declares Germans in America Should not Have Children Anglicized.

Berlin, via London, Nov. 4—The Neue Nachrichten of Leipsic appeals to German diplomacy to save the United States from the blunder of its friendship with England, even if the cost be civil war in the United States. The paper says:

"It is high time that German diplomacy stepped in with every particle of force at its command to put a stop to England's machinations to convert the United States into one of her satrapies.

Robbed of His Right.

"The German-American is conscious of his right to enlighten his new home with all that is best in the German spirit. He has long tolerated with mixed feelings the despicable attitude of his English thinking and feeling fellow-citizens in their efforts to rob him of those rights. The idea, however, that his own children should, through England's cunning, be forcibly Anglicized and converted to enemies of his fatherland is more than he can bear.

"To this characteristic English perfidy the German-American longs to put an end. He is, of course, well aware active opposition on his part will lead, namely, to an anonymous civil war in America, but even that grim prospect will cease to scare him. Should it really come, that responsibility will rest solely with the blinded fools who have sold themselves, body and soul, to the English devil.

Should Assist Kindred.

"Our government should no longer hesitate to take the most drastic steps consistent with the quasi state of peace between the two countries to come to the assistance of our German kindred across the Atlantic, even though civil war be the outcome of the step."

WINDSOR HOTELMEN VIGOROUSLY PROTEST

Complain That When Their Bars Close at 8 p.m., Detroit Gets the Money.

Windsor Ont., Nov. 4.—Tht hotelmen of Windsor have decided to send a vigorous protest to the Ontario government, praying that they be allowed to keep their bars open until ten o'clock at night. They assert that the eight o'clock closing order has resulted only in Windsor bar patrons crossing to Detroit after that hour and spending money over the bars there which they claim should be spent in Windsor. They are compiling statistics in support of their contention, which they will submit to the government along with their protest.

Would Suspend Fixed Charges

British Government Will Consider Legislation to Protect Men Who Enlist

London, Nov. 4.—The suggestion was made in the House of Commons today, by Sir Alfred Mond, that legislation be enacted to suspend during the war payment of rent, insurance premiums, interest on mortgages and similar fixed obligations of men who join the army. Sir Alfred, whose suggestion was received with favor, said that these charges were like millstones around the necks of many men who, except for them, would be glad to enlist.

Premier Asquith said the government fully recognized the importance of the problem and promised to consider the suggestion carefully.

Grande Prairie Branch Will be Ready for Steel in Ten Days

Alberta Government Engineer Inspects Work on McArthur Lines in Peace River County—Only one Cut to Be Completed on the Crossing Line—Main Line Being Ballasted.

Ralph Douglas, railway engineer for the Alberta government, returned to the city yesterday, after an inspection trip along the routes of the Central Canada railway and the Grande Prairie branch. He travelled to Grande Prairie City by way of Peace River Crossing and Dunvegan, and on the return trip followed the grade of the Grande Prairie branch to Spirit River. He states that the only work that remains to be done on this branch is in the Saddle Mountains, between miles 19 and 30, where there are two or three cuts still to be made. Five grading machine are busily engaged in removing the earth, however, and in about ten days the whole of the grade will be ready for the steel. He is very pleased at the remarkable progress that has been made in the face of many difficulties.

One Cut to Be Completed.

On the Central Canada line to Peace River Crossing there is only one cut still to be completed, near the Crossing. As the frost already has prevented the graders from doing as much as might be expected, the cut is being blasted, and the expectation is that in just over a week there will be very little grading work left to do. The head of steel is now at mile 37, where a bridge is being placed across a coulee.

Ballasting Main Line.

Now that the head of steel on the main line of the E., D. & B. C. railway has reached the west side of the Smoky river, where there is a pit of first-class gravel, the line between McLennan and the Smoky is being ballasted, and will soon be in first-class shape.

Mr. Douglas reports that some magnificent crops are being threshed this fall on the north side of the Peace river, between the Crossing and Dunvegan, and also in the Grande Prairie district. Yields of 45 to 50 bushels per acre of wheat, and one hundred bushels per acre of oats, are quite common. There is still a great deal of threshing to do.

Sleeper Used For First Time.

Mr. Douglas states that attached to this morning's incoming train was the standard sleeper, the "Peace River," which was used for the first time. Each one of the twenty-four berths was occupied. These sleepers will be a great convenience for northern travellers.

HAD SALT RHEUM ON HANDS.

Could Not Do Her Work.

Eczema or salt rheum is one of the most common of all skin diseases. It may centre itself on any part of the body, but there are certain places where it most usually begins, such as the bends of the elbows, the backs of the knees, the groove behind the ears, the scalp, on the palms of the hands, between the fingers, or on the soles of the feet.

It is, as a rule, not dangerous, but is very irritating and annoying to the sufferer on account of the terrible itching and burning sensation it causes.

It is impossible to eradicate this trouble from the system by external applications, as it is caused by the blood being in an impure state. What you need is a good blood cleansing medicine such as Burdock Blood Bitters. A medicine that will drive out all the foulness from the blood and make it pure and rich.

Mrs. Adelard Theriault, Theriault, N.B., writes: "Some time ago I was troubled with salt rheum on my hands, and it was so bad I could not do my work. I tried several medicines, but they all failed to help me. One day a friend told me to try Burdock Blood Bitters, so I got a bottle, and before I had taken it my hands were better. I am not afraid to recommend B.B.B. to anyone."

B.B.B. has been on the market for the past forty years, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
